## INTRODUCTION

The Master of Social Work (MSW) program at Kennesaw State University (KSU) is an academic unit in the Department of Social Work and Human Services (SWHS) in the College of Health and Human Services (CHHS). The MSW Field Education Program is organized around the belief that structured supervised graduate level internships are a critical foundation for the education and training of competent clinical social workers. The program offers concurrent field practicum experiences for students such that first year foundation level students are in field practicum two days per week and second year advanced level students are in field practicum three days per week. Field agencies for students are selected based on their ability to provide experiences that integrate students' theoretical knowledge with the constantly evolving practice of the profession and for their capacity to prepare and train future social workers for clinical practice in a range of settings.

Field practicums serve as arenas in which students test and apply theory, knowledge, values and skills gained in the four academic areas: Human Behavior and the Social Environment, Social Welfare Policy and Services, Social Work Practice, and Research. Students test their commitment to the social work profession and work to consolidate an identity as a professional social worker. Throughout these learning experiences students are expected to gain a working knowledge of and to comply with the NASW code of ethics.

Students enrolled full-time may complete the MSW program in two years. The last cohort of the part-time program was admitted in fall semester 2012.

The MSW program no longer offers two specializations, beginning fall semester 2017.

The Director of Field Education, who oversees its day-to-day operations, staffs the Field Education Office. The Director ensures that internship agencies provide learning opportunities that correspond with students' educational needs. Each student's learning is monitored by faculty members who serve as field. The field mentors are liaisons between the social work program, the practicum agency and the student. Students' field learning is carefully planned and promoted by an individual supervisor from within the agency setting.

Field agencies are located throughout Metropolitan Atlanta and surrounding areas. A few agencies are in states contiguous to Georgia to accommodate students who live in those areas. First year student placements are at agencies that allow them to learn generalist social work practice. Second year student placements are at agencies that correspond with their area of interests. Students experience multiple clinical roles through their internships and learn to work within the many environments in which clients live so that they can facilitate counseling, social networking, mediation, brokering, and advocacy.

This *Field Education Manual* provides policies and procedures pertaining to student field internships. It answers many of the questions students may have about the MSW field internship experience. Students should understand the policies and procedures in the manual to successfully complete field internship requirements. It is the student's responsibility to become familiar with the manual and refer to it when there are questions.

### **Accreditation**

The Council on Social Work Education (CSWE) establishes guidelines and policies for all accredited bachelor and master social work programs. The KSU MSW program has been accredited by CSWE since 2005 and is accredited until 2021.

### **MSW PROGRAM MISSION STATEMENT**

The mission of the MSW program at KSU is to educate graduates to improve the quality of life for individuals, groups, and families in Northwest Georgia and Metropolitan Atlanta (*Revised, approved and adopted February 7, 2011*). The program's mission is consistent with the university's commitment to "outstanding programs of distinctive characteristics that have a magnet effect throughout the region or state." ([www.kennesaw.edu/mission.shtml](http://www.kennesaw.edu/mission.shtml)) The program is in the WellStar College of Health and Human Services, where it provides "quality graduates for employment in the broad-based fields of health and human services." The MSW program also supports the profession's historic commitment to serve diverse, oppressed and at-risk members of society, by equipping graduates for leadership and direct services.

### **MSW SPECIALIZATION AREA**

The MSW program offers one specialization – clinical. The program builds upon a liberal arts perspective and provides students with an ability to apply a range of evolving theories that consider the larger social systems in which they are embedded. The program promotes critical thinking, self-reflection, and professional values and ethics that assist students in appreciating a bio-psychosocial-spiritual framework for understanding client systems. The MSW program also supports the profession's historic commitment to serve diverse, oppressed and at-risk members of society.

## MSW PROGRAM GOALS AND OBJECTIVES

**Goal 1: Students will demonstrate a well-defined clinical social work identity and the ability to practice advanced clinical social work with individuals, families, and groups.** The clinical MSW program provides students with a distinctive body of knowledge and skills to assess, treat, and engage in prevention activities and services addressing problems and social conditions that interfere with the healthy bio-psychosocial-spiritual functioning of individuals, families and groups. The program emphasizes providing services to vulnerable populations. The vertically and horizontally integrated program curriculum also supports students' development of sound clinical social work identities.

**Goal 2: Students will demonstrate the principles, values and ethics of the social work profession.** Throughout the curriculum, students are taught to address professional values and ethics. In foundation courses, students review the core values of the profession as defined by the NASW Code of Ethics. Students move from the abstract definition of ethics and values to their application to clinical practice.

**Goal 3: Students will demonstrate knowledge of bio-psychosocial-spiritual, cultural, economic and social dimensions of development and human behavior to inform practice.** The program integrates a bio-psychosocial-spiritual perspective into the curriculum. Students are taught to consider the influence of cultural, economic and social dimensions on human development and behavior. Integral to this process is conducting assessments and interventions that consider cultural, economic and bio-psychosocial-spiritual factors that inform practice.

**Goal 4: Students will demonstrate the skills and attitudes necessary for critical thinking and reflective practice.** Over the course of the program, students become increasingly able to use critical thinking skills to identify the strengths and limitations of various theories for diverse populations. Students learn to intervene appropriately with clients, based upon this analysis. Students also adapt their clinical knowledge base to the client's lived experiences.

**Goal 5: Students will demonstrate and apply dimensions of diversity and its value in advancing human rights, and social and economic justice.** The MSW program supports the social work profession's historical commitment to serve diverse, oppressed and at-risk members of society to advance human rights and economic justice. In both the foundation and advanced level courses, special attention is paid to individuals, families and groups who have been historically marginalized and disadvantaged.

**Goal 6: Students will demonstrate the ability to recognize various factors and contexts that influence policies and practice that will allow one to advocate on behalf of vulnerable, oppressed and diverse populations.** MSW graduates will work in a range of agency settings in suburban, urban and rural environments located in Metropolitan Atlanta and Northwest

Georgia. Students learn that they must consider various factors and contexts in their work and community environments that influence policies and practices impacting their clients. They also learn that they have the professional obligation to modify and/or change policies and practices that negatively impact the client systems with which they work.

**Goal 7: Students will demonstrate the use of evidence-based research in one's engagement, assessment, interventions, and evaluation to inform one's practice.** Both research methods and practice evaluation courses are taught in the MSW curriculum. These courses help students integrate clinical knowledge and skills with evidence-based interventions, approaches, and strategies. The program's curriculum emphasizes the importance of a clinical social worker's ability to synthesize findings to empirically evaluate practice.

## **GENERAL OBJECTIVES FOR THE FOUNDATION INTERNSHIPS**

### **Competency 1 – Demonstrate ethical and professional behavior**

Social workers understand the value base of the profession and its ethical standards, as well as relevant laws and regulations that may impact practice at the micro, mezzo, and macro levels. Social workers understand frameworks of ethical decision-making and how to apply principles of critical thinking to those frameworks in practice, research, and policy arenas. Social workers recognize personal values and the distinction between personal and professional values. They also understand how their personal experiences and affective reactions influence their professional judgment and behavior. Social workers understand the profession's history, its mission, and the roles and responsibilities of the profession. Social Workers also understand the role of other professions when engaged in inter-professional teams. Social workers recognize the importance of life-long learning and are committed to continually updating their skills to ensure they are relevant and effective. Social workers also understand emerging forms of technology and the ethical use of technology in social work practice.

#### **Objectives - Students will demonstrate the beginning ability to:**

- 1.1 Make ethical decisions by applying standards of the NASW Code of Ethics, relevant laws and regulations, models for ethical decision-making, ethical conduct of research, and additional codes of ethics as appropriate to context.
- 1.2 Use self-reflection and self-regulation to manage personal values and maintain professionalism in practice situations.
- 1.3 Demonstrate professional demeanor in behavior, appearance, and oral, written, and electronic communication.
- 1.4 Use technology ethically and appropriately to facilitate practice outcomes.
- 1.5 Use supervision and consultation to guide professional judgment and behavior.

**Competency 2 – Engage diversity and difference in practice**

Social workers understand how diversity and difference characterize and shape the human experience and are critical to the formation of identity. The dimensions of diversity are understood as the intersectionality of multiple factors including but not limited to age, class, color, culture, disability and ability, ethnicity, gender, gender identity and expression, immigration status, marital status, political ideology, race, religion/spirituality, sex, sexual orientation, and tribal sovereign status. Social workers understand that, as a consequence of difference, a person’s life experiences may include oppression, poverty, marginalization, and alienation as well as privilege, power, and acclaim. Social workers also understand the forms and mechanisms of oppression and discrimination and recognize the extent to which a culture’s structures and values, including social, economic, political, and cultural exclusions, may oppress, marginalize, alienate, or create privilege and power.

**Objectives - Students will demonstrate the beginning ability to:**

- 2.1 Apply and communicate understanding of the importance of diversity and difference shaping life experiences in practice at the micro, mezzo, and macro levels.
- 2.2 Present themselves as learners and engage client and constituencies as experts of their own experiences.
- 2.3 Apply self-awareness and self-regulation to manage the influence of personal biases and values in working with diverse client and constituencies.

**Competency 3 – Advance human rights and social, economic, and environmental justice.**

Social workers understand that every person regardless of position in society has fundamental human rights such as freedom, safety, privacy, an adequate standard of living, health care, and education. Social workers understand the global interconnections of oppression and human rights violations, and are knowledgeable about theories of human need and social justice and strategies to promote social and economic justice and human rights. Social workers understand strategies designed to eliminate oppressive structural barriers to ensure that social goods, rights, and responsibilities are distributed equitably and that civil, political, environmental, economic, social, and cultural human rights are protected.

**Objectives - Students will demonstrate the beginning ability to:**

- 3.1 Apply their understanding of social, economic, and environmental justice to advocate for human rights at the individual and systems levels.
- 3.2 Engage in practices that advance social, economic, and environmental justice.

**Competency 4 – Engage in practice-informed research and research-informed practice.**

Social workers understand quantitative and qualitative research methods and their respective roles in advancing a science of social work and in evaluating their practice. Social workers know the principles of logic, scientific inquiry, and culturally informed and ethical approaches to building knowledge. Social workers understand that evidence that informs practice derives from multi-disciplinary sources and multiple ways of knowing. They also understand the processes for translating research findings into effective practice.

**Objectives - Students will demonstrate the beginning ability to:**

- 4.1 Use practice experience and theory to inform scientific research.
- 4.2 Apply critical thinking to engage in analysis of quantitative and qualitative research methods and research findings.
- 4.3 Use and translate research evidence to inform and improve practice, policy, and service delivery.

**Competency 5 – Engage in policy practice.**

Social workers understand that human rights and social justice, as well as social welfare and services, are mediated by policy and its implementation at the federal, state, and local levels. Social workers understand the history and current structures of social policies and services, the role of policy in service delivery, and the role of practice in policy development. Social workers understand their role in policy development and implementation within their practice settings at the micro, mezzo, and macro levels and they actively engage in policy practice to effect change within those settings. Social workers recognize and understand the historical, social, cultural, economic, organizational, environmental, and global influences that affect social policy. They are also knowledgeable about policy formulation, analysis, implementation, and evaluation.

**Objectives - Students will demonstrate the beginning ability to:**

- 5.1 Identify social policy and the local, state, and federal level that impacts well-being, service delivery, and access to social services
- 5.2 Assess how social welfare and economic policies impact the delivery of and access to social services.
- 5.3 Apply critical thinking to analyze, formulate, and advocate for policies that advance human rights and social, economic, and environmental justice.

**Competency 6 – Engage with individuals, families, groups, organizations, and communities.**

Social workers understand that engagement is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social workers value the importance of human relationships. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge to facilitate engagement with clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers understand strategies to engage diverse clients and constituencies to advance practice effectiveness. Social workers understand how their personal experiences and affective reactions may impact their ability to effectively engage with diverse clients and constituencies. Social workers value principles of relationship-building and inter-professional collaboration to facilitate engagement with clients, constituencies, and other professionals as appropriate.

**Objectives - Students will demonstrate the beginning ability to:**

- 6.1 Apply knowledge of human behavior and the social environment, person-in-environment, and other multi-disciplinary theoretical frameworks to engage with clients and constituencies.
- 6.2 Use empathy, reflection, and interpersonal skills to engage diverse clients and constituencies.

**Competency 7 – Assess individuals, families, groups, organizations, and communities.**

Social workers understand that assessment is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge in the assessment of diverse clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers understand methods of assessment with diverse clients and constituencies to advance practice effectiveness. Social workers recognize the implications of the larger practice context in the assessment process and value the importance of inter-professional collaboration in this process. Social workers understand how their personal experiences and affective reactions may affect their assessment and decision-making.

**Objectives - Students will demonstrate the beginning ability to:**

- 7.1 Collect and organize data, and apply critical thinking to interpret information from clients and constituencies.
- 7.2 Apply knowledge of human behavior and the social environment, person-in-environment, and other multi-disciplinary theoretical frameworks in the analysis of assessment data from clients and constituencies.
- 7.3 Develop mutually agreed-on intervention goals and objectives based on the critical assessment of strengths, needs, and challenges with clients and constituencies.
- 7.4 Select appropriate intervention strategies based on the assessment, research knowledge, and values and preferences of clients and constituencies.

**Competency 8 – Intervene with individuals, families, groups, organizations, and communities.**

Social workers understand that intervention is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social workers are knowledgeable about evidence-informed interventions to achieve the goals of clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge to effectively intervene with clients and constituencies. Social workers understand methods of identifying, analyzing and implementing evidence-informed interventions to achieve client and constituency goals. Social workers value the importance of inter-professional teamwork and communication in interventions, recognizing that beneficial outcomes may require interdisciplinary, inter-professional, and inter-organizational collaboration.

**Objectives - Students will demonstrate the beginning ability to:**

- 8.1 Critically choose and implement interventions to achieve practice goals and enhance capacities of clients and constituencies.
- 8.2 Apply knowledge of human behavior and the social environment, person-in-environment, and other multi-disciplinary frameworks in interventions with clients and constituencies.
- 8.3 Use inter-professional collaboration as appropriate to achieve beneficial practice outcomes.
- 8.4 Negotiate, mediate, and advocate with and on behalf of diverse clients and constituencies.
- 8.5 Facilitate effective transitions and endings that advance mutually agreed-on goals.

**Competency 9 – Evaluate practice with individuals, families, groups, organizations, and communities.**

Social workers understand that evaluation is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations and communities. Social workers recognize the importance of evaluating processes and outcomes to advance practice, policy, and service delivery effectiveness. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge in evaluating outcomes. Social workers understand qualitative and quantitative methods for evaluating outcomes and practice effectiveness.

**Objectives - Students will demonstrate the beginning ability to:**

- 9.1 Select and use appropriate methods of evaluation of outcomes.
- 9.2 Apply knowledge of human behavior and the social environment, person-in-environment, and other multi-disciplinary theoretical frameworks in the evaluation of outcomes.
- 9.3 Critically analyze, monitor, and evaluate intervention and program processes and outcomes.
- 9.4 Apply evaluation findings to improve practice effectiveness at the micro, mezzo, and macro levels.

**GENERAL OBJECTIVES FOR THE ADVANCED INTERNSHIP**

During the second-year field practicum, students will be assigned to work in an agency setting where they will integrate skills in greater depth to prepare them for their future roles as professional social workers. The learning goals for the second-year Field Practicum follow.

**1.0 Learning Goal:** Students will demonstrate a solid identity as a professional social worker and conduct one's self accordingly.

**Objectives - Students will demonstrate advanced ability to:**

- 1.1 Identify as a social work professional.
- 1.2 Demonstrate professional use of self with client(s).
- 1.3 Understand and identify professional strengths, limitations, and challenges.
- 1.4 Develop, manage, and maintain therapeutic relationships with clients within the person-in-environment and strength's perspectives.

**2.0 Learning Goal:** Students will demonstrate an advanced ability to apply social work ethical principles to guide professional practice.

**Objectives - Students will demonstrate advanced ability to:**

- 2.1 Apply ethical decision-making skills to issues specific to clinical social work.
- 2.2 Employ strategies of ethical reasoning to address the use of technology in clinical practice and its effect on clients' rights.
- 2.3 Identify and use knowledge of relationship dynamics, including power differentials.
- 2.4 Recognize and manage personal biases as they affect the therapeutic relationship in the service of clients.

**3.0 Learning Goal:** Students will apply advanced critical thinking to inform and communicate professional judgments.

**Objectives - Students will demonstrate advanced ability to:**

- 3.1 Engage in reflective practice.
- 3.2 Identify and articulate clients' strengths and vulnerabilities.
- 3.3 Evaluate, select, and implement appropriate multidimensional assessments, diagnostic interventions, and practice evaluation tools.
- 3.4 Evaluate the strengths and weaknesses of multiple theoretical perspectives and differentially apply them to client situations.
- 3.5 Communicate professional judgments in working with individuals, families, groups, organizations, communities, colleagues, other social workers and professionals from other disciplines in both verbal and written format.

**4.0 Learning Goal:** Students will develop an advanced ability to engage diversity and difference in practice.

**Objectives - Students will demonstrate advanced ability to:**

- 4.1 Research and apply knowledge of diverse populations to enhance client well-being.
- 4.2 Work effectively with diverse populations.

4.3 Identify and use practitioner-client differences from a strengths perspective.

**5.0 Learning Goal:** Students will demonstrate an advanced ability to advance human rights and social and economic justice.

**Objectives - Students will demonstrate advanced ability to:**

- 5.1 Use knowledge of the effects of oppression, discrimination, and historical trauma on client and client systems to guide treatment planning and interventions.
- 5.2 Advocate at multiple levels for mental health parity and reduction of health disparities for diverse populations.
- 5.3 Engage in practices that advance social and economic justice.

**6.0 Learning Goal:** Students will demonstrate an advanced ability to engage in research-informed practice and practice-informed research.

**Objectives - Students will demonstrate advanced ability to:**

- 6.1 Use evidence-based practices, processes, and clinical assessments and interventions with clients.
- 6.2 Participate in the generation of new clinical knowledge through research and practice.
- 6.3 Use research methodology to evaluate clinical practice effectiveness and/or outcomes.

**7.0 Learning Goal:** Students will demonstrate an advanced ability to apply knowledge of human behavior and the social environment.

**Objectives - Students will demonstrate advanced ability to:**

- 7.1 Synthesize and differentially apply theories of human behavior and the social environment to guide clinical practice.
- 7.2 Use bio-psychosocial-spiritual theories and multiaxial diagnostic classification systems in the formulation of comprehensive assessments.
- 7.3 Consult with medical professionals, as needed, to confirm diagnosis and/or to monitor medication in the treatment process.

**8.0 Learning Goal:** Students will develop an advanced ability to engage in policy practice to advance social and economic well-being and to deliver effective social work services.

**Objectives - Students will demonstrate advanced ability to:**

- 8.1 Communicate to stakeholders the implication of policies and policy changes in the lives of clients.

- 8.2 Use evidence-based practice and practice-based evidence in advocacy for policies that advance social and economic well-being.
- 8.3 Advocate with and inform administrators and legislators to influence policies that impact client and service.

**9.0 Learning Goal:** Students will demonstrate an advanced ability to respond to contexts that shape practice.

**Objectives - Students will demonstrate advanced ability to:**

- 9.1 Assess the quality of clients' interactions within their social contexts.
- 9.2 Develop intervention plans to accomplish systemic change.
- 9.3 Work collaboratively with others to effect systemic change that is sustainable.

**10.0 (a) Learning Goal:** Students will demonstrate advanced engagement abilities.

**Objectives - Students will demonstrate advanced ability to:**

- 10a.1 Develop culturally responsive therapeutic relationships.
- 10a.2 Attend to the interpersonal dynamics and contextual factors that both strengthen and potentially threaten the therapeutic alliance.
- 10a.3 Establish a relationally based process that encourages clients to be equal participants in the establishment of treatment goals and expected outcomes.

**10.0 (b) Learning Goal:** Students will demonstrate an advanced ability to do assessment(s).

**Objectives - Students will demonstrate advanced ability to:**

- 10b.1 Use multidimensional bio-psychosocial-spiritual assessment tools;
- 10b.2 Assess clients' readiness for change.
- 10b.3 Assess clients' coping strategies to reinforce and improve adaptation to life situations, circumstances and events.
- 10b.4 Modify appropriate intervention strategies based on continuous clinical assessment.
- 10b.5 Use differential multi-axial diagnoses.

**10.0 (c) Learning Goal:** Students will demonstrate an advanced ability to employ intervention(s):

**Objectives - Students will demonstrate advanced ability to:**

- 10c.1 critically evaluate, select, and apply best practices, and evidenced-based interventions;

- 10c.2 use appropriate clinical techniques for a range of presenting concerns identified during the assessment process including crisis intervention strategies as needed; and
- 10c.3 collaborate with other professionals to coordinate treatment interventions.

**10.0 (d) Learning Goal:** Students will demonstrate an advanced ability to employ evaluation(s):

**Objectives – Students will demonstrate advanced ability to:**

- 10d.1 contribute to the theoretical knowledge-base of the social work profession through practice-based research; and
- 10d.2 use clinical evaluation of the process and/or outcomes to develop best-practice interventions for a range of bio-psychosocial-spiritual conditions.

## OVERVIEW OF FIELD EDUCATION

### What is Field Education?

Field Education is the “*signature pedagogy*” of social work education. It gives students the opportunities to learn by doing, by integrating curriculum into field practice under the supervision of a field supervisor and field instructor. Social work education includes both classroom and field internships, it is a part of social work curriculums. At KSU, students complete field internships concurrently with course work.

All students must be enrolled in field seminar to complete an MSW field internship. The goal of field internship is to strengthen the students’ learning in both the classroom and field internship.

The Department of Social Work and Human Services (SWHS) at KSU has established a long history of community partnerships with more than 200 agencies in the Metropolitan Atlanta area. Agencies are selected based on their ability to provide students with field placements that correspond with their educational needs.

The Office of Field Education continues to develop practicum placement sites across the region. The goals and objectives for specialization level internships correspond with competencies and practice behaviors approved by the Council on Social Work Education (CSWE) in 2008. The goals and objectives for foundation level internships correspond with competencies and practice behaviors approved by the Council on Social Work Education (CSWE) in 2015. These competencies and practice behaviors have been adopted by the SWHS Departmental Faculty.

Field Seminar allow students in diverse field placements an opportunity to share information and personal observations with one another, and to support each other's effort to integrate course learning with practice experience. It is a time for additional educational learning and reflection. Field Seminars serve as an integral part of the field placement experience, providing students with further guidance and assistance in the integration of theory and practice. Field Seminars will be held bi-weekly scheduled by field education for no less than a total of 7 class meetings. Seminar topics are at the discretion of the faculty mentor based on the student needs within the seminar grouping.

### **Foundation Field Internship/Integrative Seminar**

The foundation internship focuses on generalist social work practice. It requires two full days in an agency setting where the student must complete 480 hours of supervised field experience (240 clock hours per semester). Students must have a minimum of one hour of supervision with a MSW with two years post MSW experience.

Students begin internship in the second week of classes in the fall semester and continue through the spring semester. Students may not start their internship hours prior to classes. There are two exceptions, orientation and training. The first-year Field Internship/Integrative Seminar provides an arena for students to discuss cases and any other issues they may be experiencing, to learn from each other, and to receive constructive feedback from their field mentor. Field seminar is an integrative seminar that is required for all students completing an internship. It is designed to help students integrate their coursework learning with their experiential learning in the field internship, the integrative seminar is taught by faculty mentors who remains in communication with the students' agency supervisors on issues pertaining to the students' field experience. Through class discussions, process recordings, and agency presentations, students learn about professional social work practice with an emphasis on critical thinking, self-awareness, ethics and values, and culturally responsive practice with an emphasis on human rights and social justice.

### **Advanced Field Internship/Integrative Seminar**

Advanced students build on the knowledge and experience gained in their foundation year. The second-year field internship requires three full days in an agency setting where the student must complete 720 hours of supervised field experience (360 clock hours per semester). Students must have a minimum of one hour of agency supervision per week. All second-year students must be supervised by an LCSW. However, they can receive daily/task supervision by a licensed clinician from another discipline. Second year field internship allows the student to engage in direct practice in his/her area of interest.

The advanced field internship requires that students experience in-depth interviewing techniques; practice the application of multi-dimensional bio-psychosocial-spiritual assessment

tools; synthesize and differentially apply theories of human behavior and the social environment to guide clinical practice; employ advanced ethical decision making skills; apply knowledge of diverse populations to enhance clients' growth; assess clients' readiness for change; modify treatment goals and interventions as appropriate; and use research methodology to evaluate clinical practice.

### **Learning Process**

The learning process offers foundation and advanced students ongoing academic support and integration of knowledge and skills. As well as solid mentoring to enhance the continuity of their learning experiences.

A unique component of the Field Education Program is its emphasis on structuring field internships that keep students at the center of the learning process. To do this, full-time MSW faculty members serve as field mentors to students. Biweekly integrative field seminar classes are required as part of the field experience for both the foundation and advanced internships. Field Seminars allow students in diverse field placements an opportunity to share information and personal observations with one another, and to support each other's effort to integrate course learning with practice experience. It is a time for additional educational learning and reflection. Field Seminars serve as an integral part of the field placement experience, providing students with further guidance and assistance in the integration of theory and practice. Field Seminars will be held bi-weekly scheduled by field education for no less than a total of 7 class meetings. Seminar topics are at the discretion of the faculty mentor based on the student needs within the seminar grouping.

Examples of foundation internship assignments include: presentation of the agency structure and clients served; learning contract, critical reflective papers, clinical interviews that detail the number and types of cases seen by students, committees and activities participated in, and hours of supervision. These assignments allow the field mentor to assist students with integrating what is learned in the classroom with what is learned in the field.

Examples of advanced internship assignments include: clinical interviews, graduate portfolio, and a professional presentation presented to students and faculty within the department at the end of.

### **Responsibilities of Field Mentor**

The field mentor has three main functions: (1) liaison between a specific field placement agency, the SWHS Department, and the student; (2) advisor to individual students during their concurrent field placement period; and (3) facilitator of the biweekly field seminar.

The field mentor evaluates the quality of supervision students receive at their internship placement and engages in problem solving when there are difficulties. In addition, the mentor

provides support to agency supervisors in their work with students and informs the Director of Field Education of any changes in agency policies. The field mentor also keeps the Director of Field Education apprised of any problems within a Mentee's field placement.

During the field placement, the field mentor is the contact person when field performance difficulties arise. If indicted and appropriate, the Director of Field Education may be contacted and advised of specific field problems. If difficulties are considered serious, the field mentor, in collaboration with the agency supervisor, the Director of Field Education, the MSW Program Director and the student, will devise a plan of action that the student must complete by a designated time. This process is monitored closely by the field mentor and the Director of Field Education.

The second function of the field mentor is to provide individual advisement to students assigned to the mentor's field seminar. To fulfill this responsibility, the field mentor makes one visit and one additional contact per semester (phone call or e-mail) to the agency supervisor to discuss the student's learning, areas of strength, and areas requiring improvement.

For additional support, students are required to meet biweekly for a field seminar with their field mentor. These biweekly field seminars allow students to discuss the application of theory to practice and a range of issues experienced during the field placement. The field mentor serves as a consultant to the supervisor regarding students' learning styles and any issues that may occur between the supervisor and the student.

The field mentor facilitates students' midterm and final evaluations. *The Field Practicum Manual* provides the reporting requirements required by agency supervisors. These requirements include a written mid-semester and final evaluation for each internship semester. The field mentor provides the students' final grade based on the following:

- Agency supervisor's written mid-semester and final evaluations,
- Discussions with the student and supervisor during field visits,
- Student's ability to meet his/her written goals that were approved by the supervisor and mentor,
- Completion of the various reports and forms required of the student by the Field Education Department, and
- Student's grade for the biweekly Field Integrative Seminar (SW 7708 and SW 7709 for Foundation Year and SW 8712 and SW 8713 for the Advanced Second Year).

The field mentor is ultimately responsible for evaluating each student's field performance and for posting the student's final grade. A more detailed list of the field mentor's responsibilities is below:

- Participate in an orientation training session conducted by the Office of Field Education each year and other field mentor meetings as needed;
- Facilitate the development of students' integration of academic knowledge with field experiences;
- Facilitate biweekly student seminars;
- Meet with assigned students and their agency supervisors for a minimum of one (1) face to face contact per semester and one (1) telephone or e-mail contact per semester;
- Assess students' progress at the end of each semester based on evaluations from the agency supervisor, students' self-evaluations, and student's performances in the Field Integrative Seminar;
- Report student internship concerns to the Director of Field Education;
- Respond to requests and participate in decision-making processes regarding student internship placement withdrawals in collaboration with The Director of Field Education;
- Serve as students' advocate;
- Serve as consultant to the Office of Field Education concerning students' progress and learning during the internship; and
- Submit final student evaluation forms to The Director of Field Education at the end of each semester.

Note: The suggested focus of the field mentor's first field visit for the first semester includes:

- Observing the agency setting;
- Reviewing internship goals and expectations with the student and supervisor;
- Clarifying the roles and responsibilities of the student, agency supervisor, and faculty liaison;
- Reviewing the learning contract and student's progress with meeting its goals; and
- Appropriate modifications to the learning contract.

### **Responsibilities of Interns**

All students admitted to the MSW program have three general responsibilities: (1) to attain knowledge and skills in the social work profession, (2) to participate fully in the learning process, and (3) to act in accordance with the ethics, values and norms of the social work profession. To meet these responsibilities, students adhere to the following requirements:

- Develop with the agency supervisor and field mentor measurable learning objectives, using the appropriate curriculum for the internship being completed.
- Complete the learning contract for the academic year at the start of the fall semester, review the learning contract in at the start of the spring semester, and make

additions/changes as appropriate with advisement from the agency supervisor and field mentor; and

- Participate in activities assigned by the agency supervisor and offer services to client systems with increasing knowledge and autonomy and within the policies and practices of the agency setting.

## **PLACEMENTS AT HOSPITALS/MEDICAL CENTERS**

Increasingly, hospitals and medical centers are requiring that student interns provide proof of liability/malpractice insurance before a placement can begin. In addition, they usually need a completed background check, proof of certain immunizations and specialized training to be completed. During the field placement interview, students need to inquire about required liability coverage, background checks and specialized training (e.g., airborne pathogens, universal precautions). Students who accept internship positions at agencies that require immunizations, specialized training, background checks and/or proof of health insurance are financially responsible for obtaining those required documents, unless the agency is willing to do so.

## **MSW STUDENT GUIDELINES IN FIELD EDUCATION**

### **Academic Performance**

MSW students are expected to:

- Maintain a 3.00 GPA or higher in all classes.
- Attend a field orientation session as arranged by the field director and complete all preplacement activities by the deadline provided
- Maintain a “B” or higher in field seminar classes
- Attend all field seminar classes on time and complete all assignments as specified in the syllabus
- Review and adhere to the instructions and guidelines at the internship agency

### **Professional Behavior**

MSW students are expected to:

- To conduct themselves as professionals during their agency internship;
- To review the Council on Social Work Education core competencies and practices behaviors and to take any action needed to insure understanding;
- To report for field instruction agency work as required and be prepared to complete responsibly a day's work;
- To report directly to the agency instructor in the agency if unable to report for work. To arrange with the agency instructor the rescheduling of hours missed to fulfill the required hours of Field Instruction. Agency holidays, not University holidays, apply;

- To adhere to all agency regulations and requirements including policies pertaining to sexual harassment;
- To take initiative and responsibility for learning activities which includes discussing with agency instructor areas of learning in which student would like to engage.

### **Ethical Conduct**

MSW students are expected to:

- Demonstrate honesty and integrity in all areas of the academic program and field internship placement;
- Adhere to ethical professional standards in all interactions with clients, peers, staff, full and part-time faculty, practicum supervisors, field mentors, and all other members of the University and Internship;
- Abide by the standards as specified in the NASW Code of Ethics; and
- Abide by the guidelines as specified in the *KSU University Graduate Catalog*, *MSW Student Handbook*, and *MSW Field Practicum Manual*.
- Abide by the guidelines as specified by the internship placement

### **Responsibilities of Students to the Client System**

- Practice social work in a disciplined manner and at the highest level of competence in view of skill and knowledge limitations;
- Work to maintain and improve social work services;
- Provide service promptly and professionally, putting clients' interests first; and
- Respect the privacy and confidentiality of clients.

### **Responsibilities of Students to Self**

- Identify learning needs and objectives;
- Be ethical in all activities;
- Strive to meet reasonable expectations of a learner in the field; and
- Develop professional awareness.

### **Responsibilities of Students to the University**

- Maintain open, honest communication with the field mentor and the Office of Field Education;
- Complete all assignments on time; and
- Attend all orientation sessions and seminars for the allocated time.

**Time Requirements, Holidays, Vacations, University Breaks, Weather and other Absences**

**Time Requirements:** During the first internship year, full-time students are expected to dedicate two full days per week on Mondays and Tuesdays (16 clock hours per week) at the internship placement each semester.

- Foundation Internship (first semester): 240 hours (two 8 hour days per week for 15 weeks)
- Foundation Internship (second semester): 240 hours (two 8 hour days per week for 15 weeks)

During the second year, full-time students are expected to dedicate three full days per week on Wednesdays, Thursdays, and Fridays (24 clock hours per week) at the internship placement each semester.

- Advanced Internship (first semester): 360 hours (three 8 hour days per week for 15 weeks)
- Advanced Internship (second semester): 360 hours (three 8 hour days per week for 15 weeks)

All students are required complete a timesheet to document their hours at the field internship. The documentation of hours is a tool used in monitoring advancement toward the completion of the prescribed hours in the field experience. At the end of each semester, students are required to provide the field a copy of the documentation of hours form signed by student and agency instructor. The timesheet is in the Appendix.

Students cannot work from home/telecommute or any other non-approved site under no circumstances. Student must work at the approved internship site to complete all hours.

**Holidays and Vacations:** KSU has an established calendar of holidays and break periods. Students are excused from internship only for official KSU holidays and breaks such as Thanksgiving, winter break, spring break, legal holidays, or those officially observed by the agency. It is the expectation that students maintain their internship schedules while classes are in session. Students should schedule their vacations during university and internship site holidays. Student vacations scheduled during an academic semester may result in drop in grade and/or termination from the internship. Agencies may also require students to attend their field placements during school break periods so that client and agency relationships are maintained. This is decided between the student and their field supervisor. All parties should consult with the field for final approval of any alternative plans. Students are strongly discouraged from interning when the university is closed and there is no university support available. In all cases, students should have no difficulty completing the minimum number of hours required.

**Sick Leave and Personal Emergencies:** The time assigned for the field practicum is accorded "sacred" status. In the usual course of events, students are not excused from the field experience for personal reasons. The human dimension of life dictates that there will be some emergencies caused by personal illness, family crises such as death or serious illness, which may come up during the student's tenure. Professional responsibility precludes such personal decisions by a student such as she/he might make in missing days in the field – "sick days" at the end of a semester are highly suspect and are subject to further scrutiny by the Director of Field.

First year students have every other Friday (days not in field seminar) to make up time due to illness or emergencies, and are expected to work with their supervisors to make up any time missed during their field practicum. The MSW program recognizes that second year students do not have as much flexibility to make up days missed during the semester. Therefore, planning make up days with their field supervisor and field mentor should be discussed and agreed upon prior to the end of the semester.

It is very important to treat **All Students** (foundation and concentration) equitable concerning requests for an alteration in field time. Field supervisors should not make unilateral decisions about unusual requests for time off in the field even though there is an understanding that the student must make it up later. The field supervisor should discuss such a request with the field who has a better overview of the total student group. Also, when any long absence is anticipated due to medical treatment, surgery, etc. this must be discussed with the field and the student, with the advisor by the student, with further planning carried on between the field and the field supervisor.

**Study Abroad:** Students planning to participate in Study Abroad programs should notify their agency supervisor at the start of the semester of these plans. Although classes may be excused absences during Study Abroad, field hours are **NOT** excused absences. Students should discuss with their agency supervisor how to make up missed field practicum hours.

**Inclement Weather/Breaks:** Students are excused from internship for fall and spring breaks. However, students in a school setting may take their breaks on the school's (internship) not the university's schedule. **However, the student is still required to meet the total number of clock hours for practicum.**

In the event of University closure due to weather and the University cancels classes due to inclement weather, you are not required to go to your field placement. However, you must communicate with your supervisor as soon as possible that you will not be in to ensure coverage at your agency. Do not assume that your supervisor/agency will know that you are not coming in.

The MSW program will only excuse up to **8 hours** if the **University** cancels classes. However, students should always abide by the agency policy regarding missed hours. If your agency requires you to make up all the hours regardless of what the program allows, you need to abide by that policy and work with your supervisor to find opportunities to make up the hours. If your agency forgives the allotted 8 hours, we support that. Thus, agency policy is your guide. Any additional hours missed, **regardless** if the University is closed or not, will need to be c prior to the end of the semester.

We understand that you all live in different areas and that weather can vary from region to region. Your safety always comes first. If driving conditions are not safe where you live, and the University remains open, please use your best judgment about travel on that day. As always, your supervisor should be contacted as soon as possible if you find yourself in this situation. You will be required to make up any hours missed if the University is open.

**Students are not allowed to complete their internship early even if they have completed more than the required hours in any given semester. Also, students are not allowed to begin their internship early such as during Christmas break or before the semester begins.**

### **Social Media Guidelines**

Social media sites, including but not limited to, Facebook, Twitter, YouTube, Blogs, etc. are standard and accepted forums for personal and professional communication. The ease of accessibility and common use of these tools can present potentially serious challenges for social workers and social work students, both personally and professionally. Issues related to privacy, confidentiality, the establishment of professional boundaries and safety, can be compromised when the necessary precautions to protect the clients have not been taken.

Students are expected to adhere to social work values, ethics and engage in professional conduct as outlined in the NASW Code of Ethics when using social media communication tools, whether using a personal site or an agency site. Common issues that students need to understand and manage when utilizing social media in the field setting include, but are not limited to, privacy and confidentiality (Section 1.07), conflicts of interest and dual relationships (Section 1.06), and informed consent (Section 1.03) in our relationships with clients, colleagues and in our practice settings. If the field site/agency already has a policy on social media use, this policy should be shared with social work students as part of their orientation to the fieldwork site. Even without its own formal social media policy, the field site should have clear guidelines and expectations for students regarding social media use at home and at the field site.

**Questions to review with your field supervisor and/or task supervisor:**

1. Does your field site have a policy on the use of social media communication tools? If so, review the policy with your field instructor. If not, what expectation does the agency have regarding the use of social media during field hours?
2. How much personal information is shared with clients and former clients as well as agency staff and professional colleagues?
3. What are the most common ethical concerns you should be aware of when using social media as a professional social worker?

The following guidelines address questions regularly raised by students and are designed to aid field agencies and students in determining appropriate online conduct within the context of their fieldwork sites.

**1. Can I “friend” a client or former client?**

Do not “friend”/“follow” a client under any circumstance. Standard 1.06 of the Code of Ethics states that “social workers should not engage in dual or multiple relationships...in which there is a risk of exploitation or potential harm to the client...and social workers...are responsible for setting clear, appropriate, and culturally sensitive boundaries” Our ethical obligations to clients, colleagues and other professionals are no different when using Facebook, Twitter or other social media channels as well as communications via our cell phones such as texting or email.

**2. What do I do if a client “friends” or “follows” me?**

It is our professional responsibility to make clients and former clients aware of the limits of our professional relationship and types of communication. As a professional, you must fully consider the extent of your privacy settings, how you will manage friend requests, your level of self-disclosure, and how you will monitor wall posts or other interactions on your site. Be aware that if you do not employ any privacy settings on your social media site, your profile is public and anyone can see what is on your page. Additionally, people can see when you are tagged in photos, view comments made by others, note your status updates and see who you’ve friended. It is your responsibility as a professional social worker to abide by the Code of Ethics, including your virtual communications and use social work values and principles to guide your interactions.

**3. What privacy and confidentiality concerns should I consider when texting, emailing and/or using Twitter?**

There is a huge potential for unintentionally sharing protected information so always use good ethical judgment. Warn clients that email is not secure and may not be as private as they may think. Be cautious about discussion information about your field placement, classroom work, or agency staff. Do not discuss confidential or private information about clients, colleagues, or agency practices even if you are disguising the information. In general, consider the security, privacy and confidentiality of all communication methods and when in doubt, seek consultation and supervision before embarking into unfamiliar or uncertain areas. Standard 1.07(i) of the Code of Ethics states that “social workers should not discuss confidential information in any setting unless privacy can be ensured.” There is no such thing as privacy on a social media site or the Internet. Comments can be forwarded or copied, posts and pictures can be found on search engines years after the initial publication, and archival systems save information even after you delete it. Always consider the image you are portraying by the photos and comments you post. Understand how privacy settings work and review them regularly. Refrain from providing too much personal information such as your home address or full birth date. Don’t post in advance when you plan to be on vacation or away from home for an extended period. Be sure to project the image you want potential faculty members, future employers, advisors and friends to know you by.

**4. When is it ok, if ever, to look for information about a client online?**

Do not search for clients online without their consent unless you have a clinically significant reason for doing so (e.g. to ensure the safety of a client). Code of Ethics Section 1.07a: “social workers should respect clients’ rights to privacy. Social workers should not solicit private information from clients’ uncles it is essential to providing services...” In a macro setting, this may be common practice when doing evaluation or other work, but in a clinical setting, such searches may lead to boundary violations and other interference with both client trust and the therapeutic process.

**5. Is it ok to use social media outlets on behalf of the field agency?**

Before using social media communication tools on behalf of your agency, be sure to seek approval of any messages or posts. Be careful not to endorse or promote a product, cause or position without prior approval. If you have personal sites, it is best to maintain them on your own time using your own computer.

## Personal Conduct and the Use of Social Media

As a social worker, we must be aware that our private world has a greater likelihood of becoming public when using social media. Field instructors, colleagues, and even clients may have access to information via the Internet that you would otherwise limit to your friends and families. Section 4.03 of the Code of Ethics states that “social workers should not permit their private conduct to interfere with their ability to fulfill their professional responsibilities.” It is inappropriate for students to refer to any fieldwork site/agency, client, or client situation, etc. on their personal social media pages (e.g. Facebook, My Space, Twitter, and Blog), no matter how many security settings have been invoked. Be clear if you are sharing personal views and use good judgment regarding sensitive issues. Verify information before you post it, correct mistakes in a timely manner, and be aware of legal liability issues such as copyright infringement, defamation, and posting proprietary information. See Section 4.06(a) of the Code of Ethics: “Social workers should make clear distinctions between statements made and actions engaged in as a private individual and as a representative of the social work profession, a professional social work organization, or the social worker’s employing agency.” Social media channels provide an excellent means to build community; however, as you utilize these tools, do no harm to yourself, your field site, your clients, the School of Social Work, your classmates or to the social work profession in the process.

## Learning Contracts

All students in collaboration with their agency supervisor develop learning contracts that clarify their individualized learning goals and objectives. (See Appendix 1.4 - 1.5) The learning contract should articulate how the student will demonstrate practice behaviors that reflect competencies identified by the Council on Social Work Education (CSWE) for either the foundation or advanced levels. For the advanced internship, students must develop a set of learning objectives within the context of their area of focus/interest?). The learning objectives must be operationalized which means that they must be specific, stated in behavioral terms that

are observable and measurable, and evidence clear criteria that can demonstrate how the student, agency supervisor, and field mentor can determine that the goals have been met.

Students will meet with their agency supervisor and develop the learning contract within two weeks of beginning the internship. The learning contract will serve as a guideline for assessing knowledge and skill acquisition and is reviewed regularly by the student's field mentor and agency supervisor.

### Evaluation of Student Performance

The agency supervisor and the field mentor evaluate students' practice performance in the field. Students can offer written and oral feedback in response to and as a component of the evaluation process. The agency supervisor's evaluation grade is given as a recommendation to the field mentor. The final grade is based on student performance in the Integrative Seminar as well as their performance in the field. Students are evaluated in accordance with the learning objectives identified in their learning contract and their demonstration of foundation social work skills and/or advanced clinical skills as indicated by each intern's objectives. The field mentor submits a letter grade of "A, B, C, or F." A grade of "C" requires the student to complete that section of field seminar again— including their internship. Students should be aware that field placements are consecutive; therefore, they are not allowed to continue with the MSW program until the seminar class they must retake is offered again. The students completed evaluation forms should be submitted to the mentor prior to the deadline for grade submission each semester. All students' evaluations are kept permanently in the students' personal files. Students in the foundation and advanced internship are evaluated at mid-term and at the end of fall and spring semesters.

### PROCEDURES FOR ENTERING FIELD PLACEMENT

For both foundation and advanced internships, the KSU MSW Director of Field Education interviews students individually. As a prerequisite, advanced field placement students must have **successfully completed** both the foundation course work and internship requirements. Following the interview with the field education director, both foundation and advanced-level students must adhere to the following guidelines:

- Most agencies may require students to complete a criminal background fingerprinting, or drug screening before placement.
- All students are required to Review the *Field Education Manual*.
- Students assigned to health facilities for internship placement may.
- Be required to have immunizations and possibly AIDS and/or CPR training.
- All students must complete all required agency orientations prior to beginning field placements.

- Liability insurance is provided to each student prior to beginning the field practicum. The Department of SWHS orders and pays for this insurance through the Healthcare Providers Service Organization (HPSO) and gives each student and field mentor a copy of the proof of insurance. All students must show proof of current liability insurance to their internship supervisor prior to beginning the field placements.
- All students must prepare a current resume.
- The Director of Field Education will contact all students within two weeks of the New Student Orientation meeting.
- The Director of Field Education contacts the agency to which an individual student is referred for an interview. Note: Students **cannot** solicit their own internship agency. All placements are arranged through the Office of Field Education.
- An interview with an agency is needed before placement approval. Students are required to coordinate and complete field internship interviews with the agency supervisor.
- The agency supervisor will complete and return the interview form to the Director of Field Education which confirms or denies acceptance of the student by the agency.
- If a student is denied a placement following an interview, a second agency referral is made and the above process is repeated.
- After a maximum of two denied placements, the foundation internship candidate meets with the Director of Field Education regarding interview challenges and next steps.
  - The student must meet with the Director of Field Education to discuss reasons for the rejections. If the rejections are based on inappropriate attire, lack of professionalism, inability to articulate their stated goals or language challenges, the student may be referred to Career Services for additional assistance with preparing for an interview
  - Students will be given two additional agency sites (same interview procedure), a total of four maximum agencies
  - Students who fail to demonstrate their ability to secure a field placement after four interviews must meet with the MSW Program Director and the Director of Field Education to determine his/her readiness for the field and offer suggestions that may include the student postponing admission.
- Students must attend biweekly Field Integrative Seminars.

### Foundation Internship Student Responsibilities

- Students attend internship orientation scheduled within one month of acceptance to the program. At the orientation, students are given details regarding orientation to the field, role of field mentor, and how to obtain the Field Education Manual online.
- Students are required to review the Field Education Manual.
- Students will receive via email the field internship application and must complete and return it to the Director of Field.

- Students prepare a current resume.
- Students update contact information with the Office of Field Education.
- Students will receive one approved agency referral at a time from the Office of Field Education. Assignment of agency placements are not based on the students identified area of interest.
- Students schedule an interview with the agency supervisor within two weeks of receipt of referral. Students should bring a copy of their resume to the interview.
- The Agency Interview Form must be completed by the agency supervisor and returned to the Office of Field Education by the student (Appendix 1.9).
- If the student is declined placement following their first interview, a second agency referral is made and the above process is repeated.
  - *Refer to the previous section for procedures to be followed after two failed interviews*
- Students must complete any required agency orientation sessions prior to the beginning of the field placement.
- Students must attend biweekly Field Integrative Seminars.
- If any problem arises in this process, the Director of Field Education must be contacted.
- All internships MUST be secured prior to the beginning of the Academic year.

### **Advanced Internship Student Responsibilities**

- Students will arrange individual meetings with the Director of Field to assist in making advanced year internship choices.
- Students are placed in agencies based upon their area of Faculty field mentor interest.
- The Office of Field Education cannot guarantee students are placed in one of their preferred agencies, but student preferences are used to assist in determining the agency setting that best corresponds with a student's learning needs.
- Students will receive two approved agency referrals at a time from the Office of Field Education. Agency placements are based on the students identified area of interest.
- Students schedule an interview with the agency supervisor within two weeks of receipt of referral. Students should bring a copy of their resume to the interview.
- The agency supervisor must complete and return the Agency Interview Form to the Office of Field Education.
- If the student is declined an internship placement following their first two interviews, a third agency referral is made and the above process is repeated.
- If the student is declined an internship placement following their fourth interview, please refer to the previous section for procedures to be followed after four failed interviews
- Students must complete any required agency orientation sessions prior to the beginning of the field placement.

- Students must attend biweekly Field Integrative Seminars.
- If any problem arises in this process, the Director of Field Education must be contacted.
- All internships MUST be secured prior to the beginning of the Academic year.

### **Field Placement Procedures Following Agency Selection and the Beginning Internship (Foundation and Advanced Students)**

- Contact assigned field supervisor to confirm schedule and the internship start date.
- Review the learning contract form and be prepared to develop learning objectives with the agency supervisor during the first two weeks of the internship.
- The student provides the learning contract to the field mentor for review and approval.
- The student provides a final copy of the learning contract to the agency supervisor and the field mentor.
- Students utilize their agency supervisors, practice courses, and field mentors to process internship experiences.

### **Agency Assignment Procedure for Students with Disabilities**

As required by federal and state law and KSU policy, internship placements must be accessible to students with disabilities. This requirement means that students with disabilities should have the same kinds of educational opportunities - including field placements. However, given the wide range of disabilities, it is possible that not every placement will have the capability to accommodate every student. It may not be feasible, for example, for a site to accommodate students who use wheelchairs because of the site's location and existing architecture, but this same site could easily accommodate students with visual or hearing impairments. Every effort is made by the Office of Field Education to ensure equal access to internship opportunities.

Students with special needs must contact the KSU Office of Disabled Student Support Services and the Director of Field Education after being accepted into the MSW program to discuss accommodations that may be necessary in the internship site.

Student Disability Services  
Kennesaw Hall, Room 1205  
470.578.2666  
8:00 am to 5:00 pm (Monday - Friday)

Please visit the Student Disabilities Services website at <http://sds.kennesaw.edu/contact.php> for more information.

After a MSW student registers with the KSU Department of Disabled Student Support Services (DSSS), The Office of Field Education will consult with DSSS personnel as necessary to arrange appropriate accommodations for the internship.

## **PREPARING FOR THE AGENCY INTERVIEW**

Prior to the agency interview, the Director of Field Education meets with students to discuss the agency interview process. Students can request a meeting with a representative from the KSU Career Services Center to discuss interviewing techniques and other relevant issues. The Director of Field Education engages the students in a values exercise to begin the process of recognizing, understanding, and managing personal biases that may affect their therapeutic relationships with clients.

### **Prior to the Interview**

- Research the organization to review the agency mission, goals, and services.
- Review the MSW Field Education Manual (Revised annually)
- Review the NASW Code of Ethics (<https://www.socialworkers.org/pubs/code/code.asp>)
- Review the NASW Standards and Indicators for Cultural Competence in Social Work Practice  
(<https://www.socialworkers.org/practice/standards/NASWCulturalStandards.pdf>)

### **The Interview**

- Students schedule the interview after receiving the agency contact information from the Office of Field Education. One agency name will be given at a time, with a total of two agency sites given to each student. If the designated contact person cannot be reached, students find out that person's availability and call back accordingly. A student should also leave his/her name, a return telephone number, and the best time to be reached when leaving phone messages. Students are to indicate that they are a potential MSW intern from the Department of Social Work and Human Services at KSU.
- Once the appointment with the potential agency is confirmed, the placement interview should be conducted as a job interview, which requires appropriate professional attire and behavior.
- During the interview, students learn the educational requirements and opportunities available at the agency. The interview is a two-way process. Students must have clear goals and learning priorities and be prepared to ask specific questions about the learning experiences available, clients served, skills that can be developed, type of setting (structured vs. unstructured), methods of supervision, and supervisory expectations, etc.
- Students must be prepared to answer questions about their background, educational and career goals, and why they are interested in the agency. At the interview, agency personnel assess students' level of interests and suitability for the learning experiences available at the agency. If there are clear reservations about the goodness of fit between

the agency and the student, the agency supervisor informs the Director of Field Education.

### At the Interview

- Present in a professional manner during the interview
- Bring copies of your resume
- Be prepared to answer questions about the following:
  1. What is your level and your experience in social work to date?
  2. What do you hope to get out of a field placement in this agency?
  3. What are your strengths and weaknesses in dealing with people?
  4. What type and field of social work job will you be seeking upon graduation?
  5. What type of supervision do you prefer?
  6. What are your time availability and constraints?
  7. What is your interest in the target groups served by this agency?
  8. What is your level of knowledge about the needs of certain vulnerable groups, such as minorities, youngsters and women (i.e. what barriers do they face)?
  9. What is your ability to work both independently and in teams?
  10. Ask questions such as,
  11. Role of MSW student intern (inquire about student tasks during internship)
  12. Learning experiences student can expect; how gradual assignment of professional tasks will likely proceed
  13. Your responsibility for any orientation or pre-placement activities prior to interning (such as background checks, insurance coverage, immunizations, specialized trainings)
  14. Weekly supervisory meetings with field supervisor, who might it be with, what that might look like

### After the Interview

It is strongly recommended to send a thank you follow up letter after your interview thanking the interviewer(s) and/or the agency.

The student should not contact the agency to inquire about internship acceptance. The MSW field education director will notify the student of their internship placement acceptance.

Students will be notified of their foundation internship placements by **June 30<sup>th</sup>** and advanced internship placements by **April 30<sup>th</sup>**.

- After placement acceptance by the agency, students should discuss scheduling (to include holidays) with the agency.

- If there is an identified problem at the agency before the field internship begins, the student and/or agency supervisor should contact the Office of Field Education immediately.

### **AGENCY REASSIGNMENT PROCESS**

- If it appears that the agency assignment is not appropriate, students should discuss it with the field mentor. If no resolution, schedule a set up a meeting with the Director of Field Education to discuss reassignment to another agency.
- After fieldwork, has begun, students seeking approval to leave an agency assignment must first speak with their field mentor to determine the nature of the concerns.
- There must be a meeting with the student, field mentor, and the Office of Field Education to discuss the concerns.
- If it is determined that reassignment is appropriate, the student, field mentor, and Office of Field Education will develop a reassignment plan to outline next steps for the student and the Office of Field Education. (Reassignment approvals are for educational reasons only.)
- Under no circumstances are students to quit an internship assignment before consulting with his/her field mentor and/or the Director of Field Education.

### **WORKSITE INTERNSHIPS**

Students interested in worksite internships must submit written proposal by November 15th for all 2<sup>nd</sup> year placements and eight weeks prior to the beginning of field instruction for 1<sup>st</sup> year students to the Director of Field Education describing the agency and program where they work, their current position and duties, work schedule, and name and title of supervisor. The request also includes a description of the proposed field placement internship, assignments, agency supervisor's name and contact information and the internship placement schedule. The student and the current/proposed Agency and Employment Supervisors must sign the request. Submitting this request does not guarantee approval of the request. Consideration for all requests are on a case-by-case basis. Students may have their internship located at their current employment if all the following conditions are met:

- The agency is currently an approved internship agency.
- The intended agency placement must comply with the same guidelines established for all other MSW student interns.
- The student and the agency supervisor must have release time for academic and field supervision respectively.
- All field placement assignments and instruction must focus on education rather than agency service.
- All fieldwork activities and assignments are specific to internship course objectives.

- The agency supervisor meets all criteria established for field agency supervisors.
- The activities and assignments for the internship are clearly delineated and separate from other work assignments:
  - Consisting of a different set of tasks
  - Being in a different work unit or division; and
  - Assigning different persons to fill the Agency and Employment Supervisor roles.
- If the above criteria are met, the responsible agency official sends the Office of Field Education a proposal letter-signifying acceptance of the above conditions. In addition, a general plan is presented identifying the nature and quantity of the student's intended assignments/tasks.
- The Office of Field Education will examine each proposal that meets the above criteria on its own merits. Approval of a work site placement does not affect the total number of internship credit hours a student must earn.

### **CREDIT FOR WORK EXPERIENCE**

In accordance with the Council for Social Work Education standards, students will not receive credit for work experience **that occurred prior to beginning the MSW program.**

### **REPEATING PLACEMENTS**

Students are strongly discouraged from completing their field placement at one agency setting/department for two year-long placements. A special written request must be submitted to the Director of Field outlining the rationale for completing field requirements at the same agency twice, specifically explaining how advanced-2<sup>nd</sup> Year learning objectives will be achieved and **what new learning opportunities** will be available. Students are required to use different MSW/LCSW supervisors for their 1<sup>st</sup> Year and 2<sup>nd</sup> Year field placements. Submitting this request does not guarantee approval of the request. Consideration for all requests are on a case-by-case basis.

### **INSURANCE**

#### **1. Professional Liability Insurance**

KSU MSW program provides all students who are completing an approved practicum liability insurance for purposes of professional liability. The professional liability insurance does not cover students for tasks they agree to perform outside of or after they have received the grade for SW 7708, SW 7709, SW 8712, and SW 8713. Students may also purchase additional professional liability insurance through the National Association of Social Workers for student members and non-members.

#### **2. Automobile Insurance**

KSU MSW program does not provide students with auto insurance coverage. It is the expectation that students will purchase their own auto insurance. Therefore, students are not

allowed to transport clients under no circumstances. All usual incident-reporting procedures must be followed.

### **TRANSPORTATION**

Students are responsible for transportation to and from the agency. Therefore, students will assume the expenses for all agency-delegated activities that include travel. The Social Work Department does not reimburse students for field travel expenses.

### **NIGHT AND WEEKEND PLACEMENTS**

There are some approved sites that offer night and weekend hours. However, such agencies are few. However, under no circumstance will the Office of Field Education allow the agency to compromise the educational objectives of the curriculum to allow students to secure non-traditional placements. Agency supervisors must be available for at least 10 hours per week for foundation students and 16 hours per week for concentration students.

### **TITLE IV-E CHILD WELFARE PLACEMENT REQUIREMENTS**

Title IV-E students must complete at least one field placement at a State of Georgia Department of Family and Children Services (DFCS) site that is approved by the KSU MSW Program and DFCS. The student will complete this requirement in the foundation year of field internship (SW 7708 and SW 7709).

Students are not allowed to meet the title IV-E field internship requirements in the second-year field internship (SW 8712 and SW 8713) placements.

Exceptions to this rule must receive approval from the Director of Field Education in consultation with the Title IV-E Program Coordinator.

### **Freedom of Information**

The Office of Field Education may share information about student interns that was disclosed by the agency supervisor with the student. Information about student interns that agency supervisors share with the Office of Field Education may be shared with the student. Similarly, students are free to see any forms or notes prepared by the Office of Field Education personnel. The Office of Field Education will destroy all forms and notes upon student graduation.

### **Field Education Organizational Structure, Roles and Responsibilities**

The Office of Field Education is responsible for the overall administration of the field education program. The Director of the Office of Field Education works under the supervision of the Director of the MSW program in collaboration with the Department Chair.

## **RESPONSIBILITIES OF DIRECTOR OF FIELD EDUCATION**

The Director of Field Education, housed in the Office of Field Education:

- Maintains a list of approved partnering agencies capable of providing MSW students with high quality learning experiences;
- Identifies openings for students at approved agency sites;
- Coordinates student placements with agency openings;
- Coordinates student agency interviews and conducts follow-up confirmation of placements;
- Provides agency and student information to field mentors;
- Trains and orients agency supervisors prior to placing interns;
- Orients students to internship process;
- Provides and distributes field placement materials (i.e. applications, learning contracts, syllabi, evaluation forms, etc.);
- Provides consultation regarding all issues impacting the program-agency relationship and quality of students' learning experiences;
- Recruits new agencies and conducts agency evaluations for potential sites;
- Maintains file of professional student liability insurance policies and ensures insurance is current;
- Ensures that approved and established field standards, processes and protocols are accepted by all faculty involved in carrying out field responsibilities;
- Ensures that faculty and staff involved in the delivery services to students through the Office of Field Education receive the training, supervision, and support needed to carry out their responsibilities;
- Serves as a resource to Office of Field Education constituents including the dean, faculty, students, partnering agencies and community;
- Ensures that the Office of Field Education maintains always enough trained and experienced field mentors skilled in providing internship students with positive learning experiences;
- Develops long-range plans for the Office of Field Education; and
- Evaluates feedback from students, field mentors and agency supervisors regarding field experiences and utilizes this information as a basis for recommending new program initiatives.

## **AGENCY RESPONSIBILITIES**

Prior to a student completing an internship with any agency or organization, the agency must subscribe to the following guidelines, which are derived from the Council on Social Work Education, NASW Code of Ethics and KSU.

## General

Internship experiences must be compatible with classroom theory and enhance the MSW program's educational mission and objectives: a strengths-based perspective with an ecological context-preparing student to work as advanced social work practitioners and supporting students' professional development.

## Prerequisites for Agency Selection and Approval

- The agency does not discriminate in hiring or service delivery based on race, creed, gender, religion, national origin, sex, sexual orientation, age, marital status, disability, or status as a disabled veteran or Vietnam era veteran, and the selection, assignment and education of students.
- The agency is defined as an organization that is:
  - Non-profit
  - For-profit
  - LLC private group agency
- The agency is not defined as a solo practitioner in private practice.
- The agency will provide appropriate opportunities for students to work with diverse client populations.
- The agency should be able to assure the availability of an appropriate variety, quality and quantity of practice learning experiences with individuals, families, groups, organizations, and communities.
- Whenever possible, the agency will assure that students will be given the opportunity to work with people of color, lesbian/gay/bisexual/transgender, other oppressed populations and/or rural communities.
- The agency interviews and approves students' proposals for placement consistent with agency and KSU policies regarding nondiscrimination.
- The agency allows students to practice within the NASW Code of Ethics.
- The agency provides necessary office space, telephone, and other office support to allow students to function effectively in the internship, and agrees to reimburse students for expenses incurred on agency business.
- The agency provides an orientation for students, KSU field mentors and/or the Director of Field Education that addresses agency rules, regulations, procedures, facilities and equipment.
- The agency provides meaningful and challenging learning activities respective to the course objectives for foundation and advanced internships.
- The agency will assign a MSW or LCSW agency supervisor responsible for providing a minimum of one hour of face-to-face or virtual (only if the supervisor has completed all required training) supervision per week.

- The agency must notify the field liaison and/or MSW Field Director when there is a change with the designated agency supervisors.
- The agency consents to students leaving the agency, if necessary, to obtain learning experiences unavailable in the agency.
- The agency gives students time off to attend internship related meetings with the understanding that the internship hours are made up.
- The agency allows students to work with staff members within the agency and with outside resources significant to the agency's services.
- The agency will provide an increase in the complexity of tasks as students gain confidence and competency.
- The agency will only bill third-party payee for services rendered by student intern(s) that are legally allowable in the state of GA. Also, in accordance with GA Composite Board and Council on Social Work Education (CSWE) Educational Policy and Accreditation Standards. (Please see: <https://www.cswe.org/getattachment/Accreditation/2014-02-25AnnouncemtreDOLandField-EF.pdf.aspx>)
- Whenever possible, the agency may provide students with financial support in the practicum placement. Although it is not required, it is strongly encouraged that agencies provide financial support to student intern(s) in which the agency bill third-party payee for student (intern(s) services rendered. Internships that provide financial support are subject to the following guidelines/restrictions/requirements:
  - The agency will not hire the student intern(s) as an employee while the student intern(s) is actively enrolled in the KSU MSW Field Internship course.
  - Planning and prior approval are required. Requests for financially supported placements are made to the MSW Field Director.
  - Student fieldwork must be educationally oriented, designed to meet the educational needs of the student and the educational objectives of the Social Work Department, as outlined for field instruction.
  - The decision to offer financial support, and the amount offered, is entirely up to individual agencies. These funds are paid directly to the student as a stipend.
  - Agencies' ability to offer, or not offer, financial support, will not affect their standing with the Social Work Department as a field placement site. Agencies approved as placement sites need to continue to meet the criteria established for field instruction.
  - Students in financially supported field experience, and agencies providing the support, must conform to all policies, procedures, and expectations outlined for students in field instruction.

- The student's learning plan is used throughout the practicum as an educational tool as well as for any issues that may require clarification or problem solving related to student performance or the tasks and assignments given to the students during field work.
- Whether an internship must be paid or unpaid is a decision for the agency. For information on that question, please see the GA Composite Board and Council on Social Work Education (CSWE) Educational Policy and Accreditation Standards. Also:

### **Prerequisites for Agency Supervisor**

The person designated as the agency supervisor by the approved agency serves as a key partner in the field education program to prepare students to become competent social work practitioners. The essential role and responsibility of the agency supervisor is to collaborate with the field mentor to provide students with vital on-site learning experiences and opportunities for professional growth and development. Most importantly, the agency supervisor is to exemplify the values, ethics, knowledge and skills of the social work profession.

At minimum, agency supervisors must have a MSW degree with a minimum of two years of post MSW experience

### **Process for Becoming an Agency Supervisor for KSU MSW Student Interns**

- The agency completes application for approval as internship site.
- Upon agency approval, interested staff who meet the criteria to become an agency supervisor submit a Credentials Form or resume to the Office of Field Education and attend an orientation for agency supervisors prior to providing supervision to any graduate MSW interns.
- The potential supervisor must exhibit a willingness to mentor challenging as well as exceptional graduate interns.
- The potential supervisor understands the importance of social work education and the MSW curriculum at KSU.

- The potential supervisor understands of the role of agency supervisor as an opportunity to learn and grow professionally and personally.
- The potential supervisor shows a willingness to examine his/her own supervisory styles and approaches, handle day-to-day situations with the student, and his/her commitment to the standards of social work education and practice.
- The potential supervisor maintains cordial working relationships with colleagues.
- The potential supervisor manages his/her current workload at a satisfactory level while providing a minimum of one hour of supervision per week to each intern as well as group supervision when appropriate.
- All **1<sup>st</sup> year intern(s)** supervisors must have a MSW/LMSW with two-year post MSW experience. Other graduate level disciplines such as LPC's or LMFT's, may provide daily/task supervision.
- All **2<sup>nd</sup> year intern(s)** supervisors must have an LCSW. Other graduate level disciplines such as LPC's or LMFT's, may provide daily/task supervision.

### Agency Supervisor Responsibilities

- Attend the Supervisor Field Program-sponsored training for supervisors each year in the fall.
- Meet weekly with the intern for a minimum of one (1) hour of supervision for both foundation and advanced interns
- The agency supervisor will orient students to the administrative structure, policies, purposes and services of the agency.
- The agency supervisor will identify tasks and learning opportunities within and outside the agency setting.
- The agency supervisor will support and encourage students to interact both formally and informally with other members of the agency and to attend community workshops of special interest to individual students and the placement agency.
- The agency supervisor will monitor all assignments by offering appropriate direction and coordination.
- The agency supervisor will provide consultation sessions designed to enhance students' learning and performance.
- The agency supervisor will require accountability for practice behaviors while in the field placement.
- The agency will not hire any student while the student intern is actively enrolled in the KSU MSW Field Internship course and interning at the agency.
- The agency supervisor will assess students' competence by completing written evaluations for each student.

- If there are any serious concerns about a student's ability to meet professional expectations, document such concerns and follow protocol in developing an intervention plan to seek remediation of the concerns.

Supervision is a “right” of the student as well as a “responsibility” of field mentors and agency supervisors. It is important for the agency supervisor to be open and flexible in providing various types and models of supervision. Supervision focuses on students' needs and educational objectives as well as agency's needs and objectives. Students are not employees even though inclusion as a team player is critical. Students have the freedom to make mistakes, procure continuous direction as needed, receive feedback, engage in discussions regarding educational goals and be given time for reading agency materials that pertain to the field placement.

All areas of student performance should be evaluated and discussed on a weekly basis. The evaluation form is integrated within the learning contract. As part of the supervisory process when possible, immediate feedback should be structured in such a way to facilitate, rather than impede the educational process. Modeling a strengths-based approach to student performance is encouraged. Corrective feedback should be presented in a manner that can be assimilated by the student, and the student should have opportunities to demonstrate that this feedback has been utilized (i.e. performing the same task again). All persons involved in supervising or working with a student should be able to provide feedback.

Students must prepare and be ready for all supervision sessions and field visits by their field mentor. Part of their performance evaluation should focus on the appropriate use of and preparation for supervision sessions and field visits. Agency supervisors must require some method of recording or observation, which will clearly demonstrate student skill and performance including but not limited to the following areas:

- Written records
- Oral reports of activity
- Direct supervision
- Feedback from another staff engaged with the student

### **Purpose and Process of Evaluation**

Evaluation is a continuous process that encourages active student participation and input. It is based on defensible education related criteria that are openly shared with the student. It considers situational factors, is tentative and is concerned with both student strengths as well as areas for potential growth. It is enacted in the content of a positive relationship.

Evaluations are an integral part of social work education and social work practice. The continual assessment and evaluation of one's own practice and awareness of one's use of self are basic to social work. Evaluation is a beginning place for a process that will continue throughout one's

professional social work career. Comprehensive evaluation includes the following considerations:

- Recognition of evaluation as a continuous process encouraging active (student) participation and input;
- Students are expected to be familiar with the content of the written evaluation and can read and sign it;
- The student's signature acknowledges that the student has read the evaluation but may not necessarily agree with the content;
- When a student disagrees with any part of the evaluation, the student is expected to address concerns with the agency supervisor to resolve the matter;
- If disagreement is still unresolved, the student is to put in writing his/her concerns which become part of the evaluation report turned in to the field mentor;
- All internship evaluations become part of the student's permanent record and become property of the Office of Field Education;
- Records are only open to students and faculty or staff in the MSW program;
- Evaluation may not be used for reference letters or any other purpose; and
- Material cannot be taken from the file without written consent from the student.

#### **STUDENT GRIEVANCE PROCEDURES FOR FIELD**

Students are expected to meet the required competencies and practice behaviors for their first-year foundation and advanced second year course work and field internships; follow the policies and procedures of the respective agency in which they are placed for their internship; and adhere to the standards for professional performance and conduct as addressed in the NASW Code of Ethics. The *NASW Code of Ethics* is included in the Appendix of the MSW Field Manual & MSW Student Handbook.

The Field Work and Professional Performance Committee (FWPPC) serves as both a consultation resource and a professional performance review committee. The chair of the committee is the Director of the MSW Program and has representatives from the resident faculty and agency setting (for field related issues). Any party to the fieldwork process or any party questioning a student's deficiencies in field practicum, violation of agency policies and procedures or professional performance as it relates to violation of the NASW Code of Ethics (supervisor, field mentor, faculty member), may request consultation or initiate a request for review by the FWPPC. The MSW program attempts to approach student's fieldwork and professional performance matters in a preemptive fashion, to the extent possible.

An important issue for students during the field practicum is that of confidentiality of case records and recordings. Students are expected to review their work with clients to include tapes, written materials to include supervisory sessions with **their supervisors, field mentors, and appropriate agency personnel during case conferences and staff meetings**. The student cannot discuss or share client records or information with parties outside the agency unless given

permission to do so by the agency supervisor with appropriate permission from the client. If students use case materials for written or verbal classroom presentations, to include bio-psychosocial-spiritual assessments, they must inform the agency supervisor and ensure that the materials exclude names or other identifying client information to ensure confidentiality.

Each student must carefully read the NASW Code of Ethics. There are discussions of the NASW Code of Ethics with students in Field Seminar and various classes. A student's failure to meet first and second year competencies and practice behaviors, adhere to agency policies and/or follow standards of professional performance and ethical conduct, as defined by the NASW Code of Ethics, may be grounds for a remediation plan. If the student does not adhere to the remediation plan, they may receive a failing grade, and termination from the program. The FWPPC determines the trajectory of outcomes for the aforementioned, in consultation with the KSU's Department of Student Conduct and Academic Integrity.

Field supervisors are expected to contact Field mentors whenever there are deficiencies in field learning, violations of agency policies and/or Professional Performance issues by a student, when the issues first surface so that every effort is made to resolve these deficiencies or issues early on. When deficiencies in field learning, violation of agency policies and/or professional performance issues with a student first surface, follow the process below:

1. The field supervisor should collaborate with the Field Mentor and the student to resolve any deficiencies in field learning, violations of agency policies and/or professional performance issues when they first arise. The faculty member and the Program Director will make similar efforts to address professional performance issues in the classroom.
2. Early intervention and development of a written remediation plan (Corrective Action Plan) by the Field mentor, supervisor and student (or the faculty member and the student in professional performance matters) are given high priority and importance (i.e., field/professional performance remediation plan). The plan will delineate the agency violations, and professional performance issues requiring address and the time line within which the issues must be addressed. For example, a field issue regarding reporting to work each day at the time expected by the agency and/or dressing in a professional manner must show improvement immediately and the time-line will indicate that the student is expected to report to the agency on time each day and to dress in appropriate attire beginning immediately. The agency supervisor, Field Mentor and/or faculty member will determine a time-line for violation of agency policies or professional performance issues, including violations of the NASW Code of Ethics. **The Field mentor and the student must sign The Field Performance Remediation Contract** and the student Field Supervisor, Field mentor, Director of Field Education and the Director of the MSW Program will receive a signed copy. (The Field Performance Remediation Contract is available in the Field Placement Manual.) **The faculty member and student will sign the Professional Performance Remediation Contract and provide a copy to the Program Director.**

3. If the deficiencies are not resolved/or plan not implemented in a timely fashion, the MSW Program Director should be notified for professional performance and the MSW Director of Field Education should be notified for field performance.
4. If deficiencies in field learning, violation of agency policies and/ or professional performance issues in the Field Performance Remediation Contract/ Professional Performance Remediation Plan are met within the identified time line, the student continues his/her internship at the agency and remains a student in the MSW Program.
5. If deficiencies in field learning, violation of agency policies and/or professional performance issues in the Field Performance Remediation Contract are **not** met within the identified time line, the procedures below will be followed:
  - a. The Director of the MSW Program will call a meeting of FWPPC. The meeting will include the following:
    - i. The Director serving as Chair,
    - ii. The person filing the charge(s) (Faculty member, Field mentor, the Field Supervisor),
    - iii. The Director of Field Education if the matter pertains to the field, or a faculty member selected by the Director of the MSW Program if the issue is filed by a faculty member, and
    - iv. One Faculty Member chosen by the student.
  - b. The Field Supervisor or faculty member and the student must each provide a written statement to the Director of the MSW Program, detailing their perspective of the deficiencies, violations of agency policies, and/or professional performance issues. The Director of the MSW Program, who serves as Chair of the FWPPC must receive this written statement from each party no later than three (3) business days in advance of the scheduled meeting.
  - c. The Director of the MSW Program will share the written statements, provided by the Field Supervisor or faculty member and the student, with members of the FWPPC. The Field Supervisor or faculty member will receive a copy of the student's written statement and the student will receive a copy of the Field Supervisor or Faculty Member's written statement in advance of the meeting.
  - d. At the meeting, the Field Supervisor or faculty member will verbally present his/her concerns regarding the deficiencies in field learning, violations of agency policies and/or professional performance issues to members of the committee.
  - e. The student will verbally present his/her concerns regarding the deficiencies in field learning, violations of agency policies, and/or professional performance issues to members of the committee.
  - f. Following the verbal presentations by the Field Supervisor or Faculty member

and the student, they will be asked to leave the meeting.

- g. The FWPPC will discuss the issues presented and decide regarding steps the student must take to continue in the program or a decision to terminate the student.
- h. The Director of the MSW Program will verbally inform the student of the committee's decision immediately following the committee's decision.
- i. The student will receive in writing the verbal decision within three (3) business days of the meeting.
- j. The student may appeal the decision of the FWPPC by following the grievance/appeal process listed in the KSU Graduate Catalog. The Department Chair is the first level of this appeal process. KSU has a grievance process to insure students receive due process.

### **CAUSES FOR STUDENT TERMINATION FROM FIELD PLACEMENT**

The following behaviors include, but are not limited to, those that may result in a MSW student's termination from the program:

- **Falsification of Client Records or other agency documents** - Falsification of client records during field placement will result in a student receiving a grade of "F" and will result in automatic termination from the MSW Program.
- **Violation of Confidentiality** - From the first day of the MSW Program, students will learn and understand the complexities of client confidentiality and the importance of respecting and protecting clients' right to confidentiality, which is embedded in the NASW Code of Ethics. Students learn that they cannot discuss information about a client outside of the agency context and within professional parameters (supervision, case conferences, consultations, other disciplines within the agency). In addition, students cannot maintain personal contact with clients outside of the professional relationship and the context of agency guidelines. Violation of client confidentiality or developing a non-professional relationship with clients can result in termination from the program.
- **Physical/Verbal Abuse of clients, colleagues, and supervisors or other Agency Personnel** - Physical/Verbal Abuse of clients, colleagues, supervisors or other agency personnel during one's field placement at an agency will result in termination from the program.
- **Evidence of being under the influence, possession, use or sale of illegal substance and/or alcohol during agency hours** will result in immediate termination from the program.

- **Theft from Clients, agency personnel or agency sites** will result in immediate termination from the program.
- **Off campus travel with department faculty.** Any student, who participates in travel sponsored by the Department of Social Work and Human Services (SWHS), under the supervision of a faculty member, must abide by the rules and guidelines established for the trip. A student cannot miss meetings or not participate in activities designed for the trip unless authorized by the faculty member in charge. A student may be terminated from the program if they do not follow the guidelines for a departmental sponsored trip.
- **Violation of the NASW Code of Ethics** - Violation of the Professional standards set forth in the NASW Code of Ethics (Appendix 2.5) will result in immediate termination from the MSW Program.
- **Field Practicum Attendance Problems-** KSU Department of SWHS, like other schools and departments of social work, are organized around the belief that structured supervised graduate level practicum experiences are a critical foundation for the education and training of competent and professionally proficient social workers. Because of the importance of the field practicum experience, attendance is critical.
  - *Tardiness to Field Practicum* - Attendance and meeting the time requirements for reporting to and leaving the agency site are required for students to meet the goals and objectives of the MSW degree requirements. Consistent lateness and failure to report to the agency at the times designated by the agency supervisor can result in the development of a Field Performance Remediation Contract by the field mentor and agency supervisor. If the lateness and absences persist and remediation is not successful, the student can receive a grade of “F” in Field Practicum, which will mean automatic dismissal from the MSW Program.
  - *Absence or Unauthorized Departure from an Affiliated Agency Site* - Should a student have reason to be absent from field practicum, the procedure below must be followed:
    - If a student is absent from Field Practicum for any period, she or he must inform the agency supervisor in person or via phone in advance and provide the reason for the absence. The student must discuss with the supervisor what will be required to make up for the absence.
    - If there is an emergency, the student must contact the agency supervisor as soon as possible to clarify the nature of the emergency. If the absence is for more than two days, the student must also inform his or her field mentor. If there is a medical reason, the student must provide a medical statement from a doctor to the agency supervisor.
    - If a student fails to notify their agency supervisor of an absence, the supervisor may include this behavior in the student’s mid-term or final evaluation.

- If an absence is longer than a week (two days for professional foundation internship and three days for the advanced year), the student must contact the field mentor who will discuss the matter with the agency supervisor to determine next steps.
- Continued absences or unauthorized departures can result in the development of a Field Performance Remediation Contract by the field mentor and agency supervisor. If the absences and unauthorized departures persist, the student can receive a grade of “F” in field practicum, which will mean automatic dismissal from the MSW Program.

**Other issues or Concerns that may Result in the Development of a Field Performance Remediation Contract** - All student’s behaviors and actions are guided by the professional ethics guidelines as defined in the NASW Code of Ethics. Deficiencies in any of the following areas, as well as others, can result in the development of a Field Performance Remediation Contract by the field mentor in collaboration with the agency supervisor.

- Student’s ability to engage clients;
- Student’s ability to use supervision for one’s professional development;
- Student’s ability to consistently follow the supervisor’s guidance;
- Student’s ability to follow agency procedures and policies;
- Student’s ability to report to the agency at the time designated by the supervisor during agency hours;
- Student’s ability to complete agency assignments in a timely manner;
- Student’s ability to work with other professionals;
- Student’s ability to establish appropriate boundaries with clients;
- Student’s ability to engage in professional behaviors and activities with clients; and
- Other matters that may affect the student’s professional performance in the field placement.

Once a Field Performance Remediation Contract is developed and time lines established the student must meet these expectations and timelines. Failure to meet the terms of the Field Performance Remediation Contract can result in a grade of “F” for Field Work. A grade of “F” in Field Work will mean automatic dismissal from the MSW Program.

### **STUDENT LEAVE OF ABSENCE (ACADEMIC AND FIELD WORK)**

A student who is in good standing, in both his/her academic and fieldwork, may request a student leave of absence in writing. Students may petition for a leave not to exceed a total period of three semesters, with the understanding that the MSW program will evaluate the situation on an individual basis. A student extending leave beyond the approved period constitutes as a

withdrawal from the MSW program, and reinstatement will be subject to the procedures governing withdrawal. Students who withdraw from the program must reapply for consideration to join the program in the future.

The student must submit a written request for leave, detailing the reason, to the Director of the MSW program. The Director will refer the request to a faculty Review Committee that includes the MSW Director, Director of field education, student's field mentor/academic advisor, and one additional faculty member appointed by the MSW program Director. Students taking a leave for medical reasons are required to submit a letter from their physician prior to the leave and to provide a release statement upon return that indicated the student can meet the demands of the program. Upon leave approval, the student must notify the MSW Program Director in writing their plans for returning to the program the next academic year. This process must be completed and submitted during the general admissions timeline.

### **READMISSION POLICY**

Students, who withdraw from the program prior to completing the degree requirements, may submit a letter to the Director of the MSW Program indicating an interest in reapplying to the program. The program must receive a written letter within a five-year period from the date of withdrawal from the program. The Director of the MSW Program will consult with appropriate faculty to determine readmission for the student. The Director of the MSW Program has the final decision. In addition, the Director of the MSW program will notify graduate admissions.

<b>STUDENT</b>					
<b>FIELD SUPERVISOR</b>					
<b>TASK SUPERVISOR</b>					
<b>FIELD FACULTY/MENTOR</b>					

The competencies specified in this evaluation form are those established by the Council on Social Work Education, our national accrediting body. The student's learning contract identifies the learning opportunities (e.g., methods, activities, and assignments) available for the student to achieve these competencies.

**Student Name:**

### **Instructions for completing the learning contract sections of this document:**

1. Student completes the top section of the learning contract.
2. The student completes the “learning contract activities,” in collaboration with the field supervisor. “Learning contract activities” are the learning opportunities (e.g., assignments, processes, tasks) in the field setting (and potentially outside setting as needed) by which progress in the competency occurs.
3. The “practice behaviors” are provided by the Council on Social Work Education and are intended to serve as integrated means of showing the knowledge, values, skills, and cognitive & affective processes within each competency. The learning activities crafted by students should connect with multiple dimensions of each competency (Knowledge, Values, Skills, Cognitive & Affective Processes); however, because evaluation of the competencies is intended to be holistic, not all dimensions must be addressed in every competency.
4. Each student’s learning activities will be unique to her/his/their field setting, focus, interests, and opportunities. The learning contract is a “live” document that can be revised over time as activities shift and opportunities arise. All revisions must be reviewed and approved by the field faculty.
5. The student and the field supervisor then print this document and sign and date in the space designated as “Learning Contract” on the first page of this document.
6. The student submits this to the Field Faculty/Mentor for review, approval and signature/date if no changes are needed.
7. All parties should keep a copy of this document each time it is changed and/or signed and dated.

### **Evaluation of student performance:**

- Prior to the end-of-semester meetings, please evaluate the student’s level of competency demonstrated. Field supervisors will enter their evaluation ratings for the student in the appropriate column on the far right using the numerical rating scale provided on the next page and at the bottom of each page.
- Each competency should be rated holistically, with attention to the quality completion of activities articulated by the student.
- End-of-semester ratings are intended as a method of structuring feedback and focusing attention on challenging aspects of field; “performance needs improvement” ratings during the end-of-semester assessment may result in a negative grade outcome for the student.
- To successfully complete field, students must achieve at least the rating score of “3” for each competency by the end-of-semester meeting.
- The student and the field instructor then print this document and sign and date in the space designated for the “Semester Evaluation” on the first page of this document.
- The student submits this to the field faculty/mentor for review, signature and date.

1= Performance Unacceptable    2= Performance Needs Improvement    3= Satisfactorily Competent    4= Competent    5= Exceeded Competency    N/A= Not Applicable (please explain)

**Student Name:**

- All parties should keep a copy of this document each time it is changed and/or signed and dated.

**MSW Foundation Student Performance Rating Scale**

<b>N/A</b>	<b>1 Performance Unacceptable</b>	<b>2 Performance Needs Improvement</b>	<b>3 Satisfactorily Competent</b>	<b>4 Competent</b>	<b>5 Exceeded Competence</b>
Student did not have the opportunity to implement assignment and will address in the next semester, or the activity was completed in the prior semester.	Student consistently failed to engage in the learning process thus resulting in unacceptable performance.	Student occasionally demonstrated expected competency and performance needs improvement.	Student satisfactorily met competency at the MSW Foundation level.	Student consistently demonstrated expected competency at the MSW Foundation level.	Student exceeded expected competency of an MSW Foundation student at this phase of professional formation.

Student Name:

**Competencies and Learning Contract**

**Competency 1 – Demonstrate ethical and professional behavior**

*Social workers understand the value base of the profession and its ethical standards, as well as relevant laws and regulations that may impact practice at the micro, mezzo, and macro levels. Social workers understand frameworks of ethical decision-making and how to apply principles of critical thinking to those frameworks in practice, research, and policy arenas. Social workers recognize personal values and the distinction between personal and professional values. They also understand how their personal experiences and affective reactions influence their professional judgment and behavior. Social workers understand the profession’s history, its mission, and the roles and responsibilities of the profession. Social Workers also understand the role of other professions when engaged in inter-professional teams. Social workers recognize the importance of life-long learning and are committed to continually updating their skills to ensure they are relevant and effective. Social workers also understand emerging forms of technology and the ethical use of technology in social work practice.*

Practice Behaviors:	Learning Contract Activities:	How Will You Evaluate Progress/Completion?	Semester Evaluation		
			Mid-term	Fall	Spring
Make ethical decisions by applying standards of the NASW Code of Ethics, relevant laws and regulations, models for ethical decision-making, ethical conduct of research, and additional codes of ethics as appropriate to context.					
Use self-reflection and self-regulation to manage personal values and maintain professionalism in practice situations.					
Demonstrate professional demeanor in behavior, appearance, and oral, written, and electronic communication.					
Use technology ethically and appropriately to facilitate practice outcomes.					
Use supervision and consultation to guide professional judgment and behavior.

**Student Name:**

--	--

**Competency 2 – Engage diversity and difference in practice**

*Social workers understand how diversity and difference characterize and shape the human experience and are critical to the formation of identity. The dimensions of diversity are understood as the intersectionality of multiple factors including but not limited to age, class, color, culture, disability and ability, ethnicity, gender, gender identity and expression, immigration status, marital status, political ideology, race, religion/spirituality, sex, sexual orientation, and tribal sovereign status. Social workers understand that, as a consequence of difference, a person’s life experiences may include oppression, poverty, marginalization, and alienation as well as privilege, power, and acclaim. Social workers also understand the forms and mechanisms of oppression and discrimination and recognize the extent to which a culture’s structures and values, including social, economic, political, and cultural exclusions, may oppress, marginalize, alienate, or create privilege and power.*

Practice Behaviors:	Learning Contract Activities:	How Will You Evaluate Progress/Completion?	Semester Evaluation		
			Mid-term	Fall	Spring
Apply and communicate understanding of the importance of diversity and difference shaping life experiences in practice at the micro, mezzo, and macro levels.					
Present themselves as learners and engage client and constituencies as experts of their own experiences.					
Apply self-awareness and self-regulation to manage the influence of personal biases and values in working with diverse client and constituencies.					

**End-of-Semester Evaluation Comments**

<i>Student</i>	<i>Field Supervisor</i>

1= Performance Unacceptable    2= Performance Needs Improvement    3= Satisfactorily Competent    4= Competent    5= Exceeded Competency    N/A= Not Applicable (please explain)

**Student Name:**

--	--

**Competency 3 – Advance human rights and social, economic, and environmental justice.**

*Social workers understand that every person regardless of position in society has fundamental human rights such as freedom, safety, privacy, an adequate standard of living, health care, and education. Social workers understand the global interconnections of oppression and human rights violations, and are knowledgeable about theories of human need and social justice and strategies to promote social and economic justice and human rights. Social workers understand strategies designed to eliminate oppressive structural barriers to ensure that social goods, rights, and responsibilities are distributed equitably and that civil, political, environmental, economic, social, and cultural human rights are protected.*

<b>Practice Behaviors:</b>	<b>Learning Contract Activities:</b>	<b>How Will You Evaluate Progress/Completion?</b>	<b>Semester Evaluation</b>		
			<b>Mid-term</b>	<b>Fall</b>	<b>Spring</b>
Apply their understanding of social, economic, and environmental justice to advocate for human rights at the individual and systems levels.					
Engage in practices that advance social, economic, and environmental justice.					

**End-of-Semester Evaluation Comments**

<i>Student</i>	<i>Field Supervisor</i>

**Student Name:**

**Competency 4 – Engage in practice-informed research and research-informed practice.**

*Social workers understand quantitative and qualitative research methods and their respective roles in advancing a science of social work and in evaluating their practice. Social workers know the principles of logic, scientific inquiry, and culturally informed and ethical approaches to building knowledge. Social workers understand that evidence that informs practice derives from multi-disciplinary sources and multiple ways of knowing. They also understand the processes for translating research findings into effective practice.*

Practice Behaviors:	Learning Contract Activities:	How Will You Evaluate Progress/Completion?	Semester Evaluation		
			Mid-term	Fall	Spring
Use practice experience and theory to inform scientific research.					
Apply critical thinking to engage in analysis of quantitative and qualitative research methods and research findings.					
Use and translate research evidence to inform and improve practice, policy, and service delivery.					

**End-of-Semester Evaluation Comments**

<i>Student</i>	<i>Field Supervisor</i>

**Student Name:**

**Competency 5 – Engage in policy practice.**

*Social workers understand that human rights and social justice, as well as social welfare and services, are mediated by policy and its implementation at the federal, state, and local levels. Social workers understand the history and current structures of social policies and services, the role of policy in service delivery, and the role of practice in policy development. Social workers understand their role in policy development and implementation within their practice settings at the micro, mezzo, and macro levels and they actively engage in policy practice to effect change within those settings. Social workers recognize and understand the historical, social, cultural, economic, organizational, environmental, and global influences that affect social policy. They are also knowledgeable about policy formulation, analysis, implementation, and evaluation.*

Practice Behaviors:	Learning Contract Activities:	How Will You Evaluate Progress/Completion?	Semester Evaluation		
			Mid-term	Fall	Spring
Identify social policy and the local, state, and federal level that impacts well-being, service delivery, and access to social services.					
Assess how social welfare and economic policies impact the delivery of and access to social services.					
Apply critical thinking to analyze, formulate, and advocate for policies that advance human rights and social, economic, and environmental justice.					

**End-of-Semester Evaluation Comments**

<i>Student</i>	<i>Field Supervisor</i>

**Student Name:**

**Competency 6 – Engage with individuals, families, groups, organizations, and communities.**

*Social workers understand that engagement is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social workers value the importance of human relationships. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge to facilitate engagement with clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers understand strategies to engage diverse clients and constituencies to advance practice effectiveness. Social workers understand how their personal experiences and affective reactions may impact their ability to effectively engage with diverse clients and constituencies. Social workers value principles of relationship-building and inter-professional collaboration to facilitate engagement with clients, constituencies, and other professionals as appropriate.*

Practice Behaviors:	Learning Contract Activities:	How Will You Evaluate Progress/Completion?	Semester Evaluation		
			Mid-term	Fall	Spring
Apply knowledge of human behavior and the social environment, person-in-environment, and other multi-disciplinary theoretical frameworks to engage with clients and constituencies.					
Use empathy, reflection, and interpersonal skills to engage diverse clients and constituencies.					

**End-of-Semester Evaluation Comments**

<i>Student</i>	<i>Field Supervisor</i>

**Student Name:**

**Competency 7 – Assess individuals, families, groups, organizations, and communities.**

*Social workers understand that assessment is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge in the assessment of diverse clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers understand methods of assessment with diverse clients and constituencies to advance practice effectiveness. Social workers recognize the implications of the larger practice context in the assessment process and value the importance of inter-professional collaboration in this process. Social workers understand how their personal experiences and affective reactions may affect their assessment and decision-making.*

Practice Behaviors:	Learning Contract Activities:	How Will You Evaluate Progress/Completion?	Semester Evaluation		
			Mid-term	Fall	Spring
Collect and organize data, and apply critical thinking to interpret information from clients and constituencies.					
Apply knowledge of human behavior and the social environment, person-in-environment, and other multi-disciplinary theoretical frameworks in the analysis of assessment data from clients and constituencies.					
Develop mutually agreed-on intervention goals and objectives based on the critical assessment of strengths, needs, and challenges with clients and constituencies.					
Select appropriate intervention strategies based on the assessment, research knowledge, and values and preferences of clients and constituencies.					

**End-of-Semester Evaluation Comments**

<i>Student</i>	<i>Field Supervisor</i>

1= Performance Unacceptable    2= Performance Needs Improvement    3= Satisfactorily Competent    4= Competent    5= Exceeded Competency    N/A= Not Applicable (please explain)

**Student Name:**

**Competency 8 – Intervene with individuals, families, groups, organizations, and communities.**

*Social workers understand that intervention is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social workers are knowledgeable about evidence-informed interventions to achieve the goals of clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge to effectively intervene with clients and constituencies. Social workers understand methods of identifying, analyzing and implementing evidence-informed interventions to achieve client and constituency goals. Social workers value the importance of inter-professional teamwork and communication in interventions, recognizing that beneficial outcomes may require interdisciplinary, inter-professional, and inter-organizational collaboration.*

Practice Behaviors:	Learning Contract Activities:	How Will You Evaluate Progress/Completion?	Semester Evaluation		
			Mid-term	Spring	Fall
Critically choose and implement interventions to achieve practice goals and enhance capacities of clients and constituencies.					
Apply knowledge of human behavior and the social environment, person-in-environment, and other multi-disciplinary frameworks in interventions with clients and constituencies.					
Use inter-professional collaboration as appropriate to achieve beneficial practice outcomes.					
Negotiate, mediate, and advocate with and on behalf of diverse clients and constituencies.					
Facilitate effective transitions and endings that advance mutually agreed-on goals.					

**End-of-Semester Evaluation Comments**

**Student Name:**

**Competency 9 – Evaluate practice with individuals, families, groups, organizations, and communities.**

Social workers understand that evaluation is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations and communities. Social workers recognize the importance of evaluating processes and outcomes to advance practice, policy, and service delivery effectiveness. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge in evaluating outcomes. Social workers understand qualitative and quantitative methods for evaluating outcomes and practice effectiveness.

Practice Behaviors:	Learning Contract Activities:	How Will You Evaluate Progress/Completion?	Semester Evaluation		
			Mid-term	Spring	Fall
Select and use appropriate methods of evaluation of outcomes.					
Apply knowledge of human behavior and the social environment, person-in-environment, and other multi-disciplinary theoretical frameworks in the evaluation of outcomes.					
Critically analyze, monitor, and evaluate intervention and program processes and outcomes.					
Apply evaluation findings to improve practice effectiveness at the micro, mezzo, and macro levels.

## 2.3 Individualized Learning Contract for Advanced Internships

### Kennesaw State University Masters of Social Work

Course \_\_\_\_\_ Semester \_\_\_\_\_

The learning contract or learning plan is developed jointly by the student and the field supervisor during the first two weeks of the field placement. The intent of the contract is to articulate how the student will achieve learning outcomes within the field experience. The assigned tasks/activities should be developed by addressing both student interests and field site expectations. A single activity may cover more than one learning objectives. As the student progresses through assigned tasks, his/her work needs to be evaluated. Methods of evaluating the student's performance are developed by the supervisor but should include student self-assessment as well as assessment by the faculty liaison in individual and/or group sessions and site visits. This contract will be modified as the student progresses through each semester. Significant substantive changes may need to be documented by the field supervisor and discussed with the faculty liaison. **All categories are completed for each year. In addition, those marked "advanced year only" are developed and accomplished during the advanced year in addition to the other learning goals. Students must demonstrate a higher level of goal acquisition in the advanced year that builds on those skills learned in the foundation year.**

STUDENT NAME: \_\_\_\_\_ FIELD SUPERVISOR: \_\_\_\_\_

FACULTY LIAISON: \_\_\_\_\_ AGENCY: \_\_\_\_\_

Competency	Practice Behavior	What Tasks/Activities Will You Implement	How Will You Evaluate Progress/Completion?
2.1.1 Identify as a professional social worker and conduct oneself accordingly	1. Readily identify as a social work professional;		
	2. Demonstrate personal use of self with clients;		
	3. Understand and identify professional strengths, limitations and challenges;		
	4. Develop, manage, and maintain therapeutic relationships with clients within the person-in-environment and strengths perspectives.		

Competency	Practice Behavior	What Tasks/Activities Will You Implement	How Will You Evaluate Progress/Completion?
<b>2.1.2 Apply social work ethical principles to guide professional practice</b>	1. Apply ethical decision-making skills to issues specific to clinical social work.		
	2. Employ strategies of ethical reasoning to address the use of technology in clinical practice and its effect on clients' rights.		
	3. Identify and use knowledge of relationship dynamics, including power differentials;		
	4. Recognize and manage personal biases as they affect the therapeutic relationship in the service of the clients' well-being.		

Competency	Practice Behavior	What Tasks/Activities Will You Implement	How Will You Evaluate Progress/Completion?
<b>2.1.3 Apply critical thinking to inform and communicate professional judgments</b>	1. Engage in a reflective practice.		
	2. Identify and articulate clients' strengths and vulnerabilities;		
	3. Critically analyze multidimensional assessment, prevention, intervention, and evaluation tools;		
	4. Evaluate the strengths and weaknesses of multiple theoretical perspectives and differentially apply them to client situations; and		
	5. Demonstrate effective oral and written communication in working with individuals, families, groups, organizations, communities, colleagues, and professionals from other disciplines.		

Competency	Practice Behavior	What Tasks/Activities Will You Implement	How Will You Evaluate Progress/Completion?
<b>2.1.4 Engage diversity and difference in practice.</b>	1. Research and apply knowledge of diverse populations to enhance client well-being.		
	2. Work effectively with diverse populations.		
	3. Identify and use practitioner/client differences from a strengths perspective.		

Competency	Practice Behavior	What Tasks/Activities Will You Implement	How Will You Evaluate Progress/Completion?
<b>2.1.5 Advance human rights and social and economic justice</b>	1. Understand and use knowledge of effects of oppression discrimination and historical trauma on client and client systems to guide treatment planning and intervention; and		
	2. Advocate on multiple levels for mental health parity and reduction of health disparities for diverse populations;		
	3. Engage in practices that advance social and economic justice.		

Competency	Practice Behavior	What Tasks/Activities Will You Implement	How Will You Evaluate Progress/Completion?
<b>2.1.6 Engage in research informed practice and practice informed research</b>	1. Use the evidence-based practice process in clinical assessment and intervention with clients;		
	2. Participate in the generation of new clinical knowledge, through research and practice; and		
	3. Use research methodology to evaluate clinical practice effectiveness and/or outcomes.		
<b>2.1.7 Apply knowledge of human behavior and the social environment</b>	1. Synthesize and differentially apply theories of human behavior and the social environment to guide clinical practice;		
	2. Use bio-psycho-social-spiritual theories and multiaxial diagnostic classification systems in formulation of comprehensive assessments; and		
	3. Consult with medical professionals, as needed, to confirm diagnosis and/or to monitor medication in the treatment process.		

Competency	Practice Behavior	What Tasks/Activities Will You Implement	How Will You Evaluate Progress/Completion?
<b>2.1.8 Engage in policy practice to advance social and economic well-being and to deliver social work services</b>	1. Communicate to stakeholders the implication of policies and policy change in the lives of clients.		
	2. Use evidence-based practice and practice-based evidence in advocacy for policies that advance social and economic well-being; and		
	3. Advocate with and inform legislators to influence policies that impact clients and service.		
<b>2.1.9 Respond to contexts that shape practice</b>	1. Assess the quality of clients' interactions within their social contexts;		
	2. Provide leadership in promoting sustainable systematic changes in service delivery and practice to improve the quality of social services.		

Competency	Practice Behavior	What Tasks/Activities Will You Implement	How Will You Evaluate Progress/Completion?
<b>2.1.10 Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.</b>	<b>(a) Engagement</b> 1. Develop culturally responsive therapeutic relationships with your specialty group;		
	2. Address the interpersonal dynamics and ecological factors that strengthen and threaten the therapeutic alliance with your specialty group; and		
	3. Build relationships with clients as equal participants together to establish treatment goals and outcomes with your specialty group.		
	<b>(b) ASSESSMENT</b> 1. Apply multidimensional bio-psycho-social-spiritual assessment tools with your specialty group;		
	2. Assess client strengths, and limitations; and readiness for change with your specialty group;		
	3. Assess client coping strategies and resilience factors to strengthen and advance their adjustment to life situations, circumstances, and events with your specialty group;		
	4. Select appropriate intervention strategies and modify strategies as appropriate based on continuous clinical assessments with your specialty group; and		
	5. Apply differential diagnosis based on current Diagnostic Statistical Manual.		

Competency	Practice Behavior	What Tasks/Activities Will You Implement	How Will You Evaluate Progress/Completion?
	<b>(c) INTERVENTION</b> 1. Evaluate, select, and apply best practices and evidenced based interventions with your specialty group;		
	2. Apply appropriate clinical techniques for a range of presenting concerns identified in assessment of with your specialty group; and		
	3. Demonstrate crisis intervention strategies as appropriate for with your specialty group;		
	4. Collaborate with other professionals and agency personnel in coordinating treatment interventions when working with your specialty group.		
	<b>(d) EVALUATION</b> 1. Contribute to the theoretical knowledge base of the social work profession through practice-based research for your specialty group; and		
	2. Apply clinical evaluation of the process and/or outcomes to develop best practice interventions for a range of bio-psycho-spiritual conditions with your specialty group.

## Sample Process Recording

**From: Wilson, Suanna, J., Recording - Guidelines for Social Workers. Free Press, New York 1976**

The following items should be included in a process recording:

- A. Identifying/Demographic Information (Name of client, date of interview, name of student, etc.)
- B. Chronological replay of the interaction/interview.
- C. Description of any non-verbal activities that occurred.
- D. Students feelings and reactions to the client interview/interaction as it took place.
- E. Analytical thoughts about the interview.
- F. Diagnostic Summary and impressions (Paragraph summarizing the analytical thoughts).
- G. Treatment Plan/Goals for further social work contacts.

A sample format for recording the content of the interview in a process recording format:

SUPERVISORY COMMENTS	CONTENT/DIALOGUE	GUT-LEVEL FEELINGS	ANALYSIS
<p>In this column, the supervisor can make remarks, comments, etc. regarding the interactions, student feelings or analysis that took place during the interview.</p>	<p>Record word for word what happened in the interview, including both verbal and non-verbal communication. If there were unscheduled interruptions or activities, record these also.</p>	<p>Indicate how <u>you</u> were feeling as the activity or interaction was taking place. Use this space to identify and look at <u>your</u> feelings.</p>	<p>Your analysis of the interview content, your interactions, interventions, etc.</p>
<p>Lets discuss opening interviewing techniques</p>	<p>Student: Hello Mrs. J. I=m your social worker and would like to talk to you.</p> <p>Client: Well, I=m not sure why I need to see you.</p>	<p>Maybe she won=t like me or won=t be willing to tell me anything!</p>	<p>Perhaps a place to describe role of the social worker?</p>

PROCESS RECORDING OUTLINE

Students Name: \_\_\_\_\_ Client=s Name: \_\_\_\_\_

Interview Date: \_\_\_\_\_ Session #: \_\_\_\_\_

- I. PURPOSE OF THE SESSION: (Statement of the purpose that is concise, clear and specific. Show relatedness between this session and the previous session).
- II. OBSERVATION: (Appearance, affect, behavior. How does the client present him/herself?)
- III. CONTENT: (Using the recording form below record one significant exchange in the beginning, in the middle, and at the end of the interview.)

Interview Content:	Client’s feelings/affect	Student’s gut level feelings	Student’s responses	Analysis of your interventions; and any identification of themes or issues	Supervisory comments

Interview Content:	Client's feelings/affect	Student's gut level feelings	Student's responses	Analysis of your interventions; and any identification of themes or issues	Supervisory comments

\*Use feeling words to describe your own feelings from the session (see attachment).

- IV. IMPRESSIONS/ASSESSMENT: 1) What did you observe throughout the session -- behavior and affect; 2) was the behavior/affect appropriate, explain; 3) how does this behavior/affect fit with what you know about the client's past behavior/affect; and 4) identify the major themes/issues that emerged.
- V. USE OF PROFESSIONAL SELF: Choose two significant interventions you made: 1) identify/describe; 2) what was your impression of your effectiveness; and 3) what would you change.
- VI. PLANS: (Brief statement of your plans for the next session, long range goals, short-range goals that are relevant for this client.)
- VII. ISSUES, QUESTIONS OR PROBLEMS: (To explore in supervisory sessions.) Areas to explore in your supervisory conference: include issues of diversity, value dilemmas, counter-transference etc.

## List of Feeling Words

1. worried, troubled, nervous, anxious, apprehensive, fearful, uneasy, concerned, restless, disturbed, unquiet, disquieted, solicitous, fretful, frantic, threatened, confronted, hassled, burdened, upset
2. eager, excited, elated, cheered, joyous, inspired, fulfilled, overjoyed, happy, enheartened, stimulated, animated, blithesome, merry, delighted, ecstatic, euphoric, gratified, enraptured, interested, expectant, hopeful, light, gay, exhilarated, lively, vivacious, flighty, optimistic, bright, pleased, enthralled
3. depressed, down, disappointed, dispirited, disillusioned, disheartened, destitute, wasted, empty, worthless, deficient, unequipped, discouraged, sorrowful, miserable, horrible, discomfited, lousy, hurt, wounded, injured, frustrated, exasperated, forlorn, wretched, dejected, rejected, desperate, pessimistic, hassled, crushed, jinxed
4. agitated, irritated, pissed off, perturbed, embittered, upset, annoyed, bothered, irritated, plagued, provoked, harassed, angry, vexed, disgusted, furious, offended, resentful, dismayed, raged, infuriated, bitter, revengeful, unsettled, steaming, boiling
5. confused, ambivalent, indecisive, unsure, uncertain, perplexed, abashed, unprepared, disconcerted, torn, puzzled, bewildered, baffled, lost, hesitant, disoriented, discomfited, conflicted
6. indifferent, apathetic, unfeeling, unconcerned, alienated, isolated, alone, detached, uninvolved, removed, separated, apart, displaced, distant, lethargic, platonic, listless, disoriented, unmotivated, lazy
7. manipulated, controlled, dominated, subordinate, ruled, misused, abused, inferior, subjected, caged, obligated, smothered, victimized, blocked
8. amazed, shocked, surprised, appalled, inquisitive, overwhelmed
9. ridiculous, amused, entertained, foolish, embarrassed
10. wistful, wishful, thoughtful, wondering, desirous, pensive, hopeful
11. content, satisfied, appeased, calm, peaceful, composed, soothed, conciliated, comfortable, mellow
12. playful, frolicsome, devilish, mischievous, meddlesome, naughty
13. forgotten, overlooked, neglected, disregarded, omitted, slighted, unheeded, abandoned, shelved, forsaken
14. esteemed, respected, considered, noticed, superior, high, observed, regarded, honored, revered, venerated, adored, worshiped, important, cherished
15. free, liberated, unrestrained, loose, easy, uninhibited, open, mellow
16. protective, helpful, motherly, maturing, needed
17. guilty, blamed, faulty, culpable

## AGENCY STUDENT INTERNSHIP REQUIREMENTS

Do you require students to have a physical examination prior to placement?					Yes <input type="checkbox"/> No <input type="checkbox"/>	
Do you require evidence of immunization against the following? <i>(check all that apply)</i>						
(a) Tuberculosis		(b) Rubella		(c) Measles		(d) Varicella Titer
					(e) DPT <input type="checkbox"/>	
Do you provide the resources for these tests/physical?					Yes <input type="checkbox"/> No <input type="checkbox"/>	
Does your agency expect students to show proof of these tests prior to the start of the practicum?					Yes <input type="checkbox"/> No <input type="checkbox"/>	
Does your agency require a background check?					Yes <input type="checkbox"/> No <input type="checkbox"/>	
Does your agency require a drug screen?					Yes <input type="checkbox"/> No <input type="checkbox"/>	
Does your agency require fingerprinting of students?					Yes <input type="checkbox"/> No <input type="checkbox"/>	
Does your agency require CPR training?					Yes <input type="checkbox"/> No <input type="checkbox"/>	
If yes, does your agency pay for these tests?					Yes <input type="checkbox"/> No <input type="checkbox"/>	
Name/phone of person to contact for further information about these:						

## ADDITIONAL QUESTIONS

If students are expected to make home visits, do you provide			
(a) Escorts	Yes <input type="checkbox"/> No <input type="checkbox"/>	(b) Transportation	Yes <input type="checkbox"/> No <input type="checkbox"/>
(c) Reimbursements to/from agency assignments			Yes <input type="checkbox"/> No <input type="checkbox"/>
Does your agency provide stipends for students?			Yes <input type="checkbox"/> No <input type="checkbox"/>
If yes, (a) Number of stipends:		(b) Amount	

**FIELD INSTRUCTOR CONTACT INFORMATION**

Please provide contact information for the field instructor (MSW/LMSW/LCSW) who will supervise the student's field education.

#### Field Education Incident Report Form

The attached incident report form should be used whenever a safety or ethical concern arises for either the student or agency participating in field education.

A safety incident is any occurrence that involves an individual's physical or emotional safety in the course of conducting their duties and responsibilities in the field.

Ethical concerns involve any occurrence that is not in abidance with the practice procedures set forth by NASW, Kennesaw State University, and other governing policy for the social work profession.

The form should be completed and forwarded to the Field Education Department for follow-up as needed.

Reported by: _____	Date: _____
Date/time incident occurred: _____	
Student's name (if applicable): _____	Phone: _____
Name of agency: _____	Phone: _____
Address of agency: _____	
Field Supervisor: _____	Phone: _____
Field Faculty: _____	Phone: _____
Other witnesses/persons involved (if applicable):	
Name: _____	Phone: _____
Name: _____	Phone: _____

## MID-SEMESTER EVALUATION OF STUDENT KENNESAW STATE UNIVERSITY

The mid-semester evaluation provides an overview of how the student is acclimating to the field placement. It allows the field supervisor an opportunity to give specific feedback to both the student and the faculty liaison focused on the student's ability to professionally conduct him/herself in field placement.

Student Name: \_\_\_\_\_

Field Supervisor: \_\_\_\_\_

Faculty Liaison: \_\_\_\_\_

Field Agency: \_\_\_\_\_

---

**I. For items A-C, please use the following rating scale:**

- |                          |   |
|--------------------------|---|
| <b>1. Poor</b>           | (student performance falls below expectations; significant improvement is needed) |
| <b>2. Acceptable</b>     | (student performance minimally meets expectations; some improvement is needed)    |
| <b>3. Good</b>           | (student performance consistently meets expectations)                             |
| <b>4. Excellent</b>      | (student performance consistently exceeds expectations)                           |
| <b>5. Not applicable</b> | (no opportunity to practice or observe)   |

**A. Personal/professional characteristics**

- |   |                             |
|---|-----------------------------|
| _____ Flexible                                | _____ Shows initiative      |
| _____ Punctual                                | _____ Responsible, reliable |
| _____ Conveys maturity and professional image | _____ Time management       |
| _____ Appropriate dress                       | _____ Handles workload      |
| _____ Respectful of others                    |                             |

**B. Capacity for self-directed learning**

- |  |  |
|--|--|
| _____ Articulates field education objectives and learning outcomes |  |
| _____ Defines individualized learning outcomes for self            |  |
| _____ Recognizes and identifies areas of difficulty                |  |
| _____ Identifies areas of competence                               | _____ Self-disciplined                     |
| _____ Able to accept constructive feedback                         | _____ Use of supervisory relationship      |
| _____ Able to seek out information and resources                   | _____ Prepares for supervisory conferences |

**C. Context of Practice**

- \_\_\_\_\_ Understands the mission and purpose of the field setting
- \_\_\_\_\_ Understands policies and procedures
- \_\_\_\_\_ Understands the site's relationships with other entities and the larger community
- \_\_\_\_\_ Understands the community in which the field site operates
- \_\_\_\_\_ Understands the social worker's role in the field setting
- \_\_\_\_\_ Understands the client/consumer population
- \_\_\_\_\_ Establishes and maintains positive and constructive interpersonal relationships within the field site and/or external to the field site
- \_\_\_\_\_ Is sensitive to issues of human diversity

**II.** Please note any changes in the student's learning contract. Such changes may involve learning outcomes, assigned tasks, and methods of evaluation.

**III.** Additional comments or areas of concern:

Term \_\_\_\_\_

Name of Field Instructor \_\_\_\_\_ Agency \_\_\_\_\_

**Instructions for Field Instructor Evaluation**

The Council on Social Work Education (CSWE) identifies 10 Practice Competencies (#2.1.1 through 2.1.10) for all MSW graduates of accredited schools of social work. In the table below each competency you will find a list of practice behaviors that demonstrate mastery of the broader competency. Please rate the student's ability to perform each of the practice behaviors using the following scale. Indicate your response by circling only one number to the right of each practice behavior. *A rating of 3 is equivalent to adequate competency for a beginning MSW practitioner.*

- 1 = Needs Improvement – Intern has been unsuccessful in demonstrating practice behavior**
- 2 = Fair – Intern is not yet consistently proficient in this area and level is less than expected for a beginning Advanced Year social work student**
- 3 = Good – Intern is proficient at the level of a beginning Advanced Year social work student, although not yet consistent over time**
- 4 = Very Good – Intern is consistently proficient at the level of Advanced Year social work student**
- 5 = Excellent – Intern consistently exceeds expectations for Advanced Year social work student**
- NA = Not applicable; no opportunity to demonstrate or implement practice behavior**

**Competency 2.1.1: Identify as a professional social worker and conducts oneself accordingly**

<b>1</b>	Readily identify as a social work professional;	1	2	3	4	5	NA
<b>2</b>	Demonstrate personal use of self with clients;	1	2	3	4	5	NA
<b>3</b>	Understand and identify professional strengths, limitations and challenges;	1	2	3	4	5	NA
<b>4</b>	Develop, manage, and maintain therapeutic relationships with clients within the person-in-environment and strengths perspectives.	1	2	3	4	5	NA

Comments:

The original measure used by the School of Social Work at the University of Georgia has been modified to fit the needs of the Kennesaw State University MSW Program

**Competency 2.1.2: Apply social work ethical principles to guide professional practice**

1	Apply ethical decision-making skills to issues specific to clinical social work.	1	2	3	4	5	NA
2	Employ strategies of ethical reasoning to address the use of technology in clinical practice and its effect on clients rights.						
3	Identify and use knowledge of relationship dynamics, including power differentials	1	2	3	4	5	NA
4	Recognize and manage personal biases as they affect the therapeutic relationship in the service of the clients' well-being.	1	2	3	4	5	NA

Comments:

**Competency 2.1.3 Apply critical thinking to inform and communicate professional judgments**

1	Engage in a reflective practice.	1	2	3	4	5	NA
2	Identify and articulate clients' strengths and vulnerabilities;	1	2	3	4	5	NA
3	Critically analyze multidimensional assessment, prevention, intervention, and evaluation tools;	1	2	3	4	5	NA
4	Evaluate the strengths and weaknesses of multiple theoretical perspectives and differentially apply them to client situations; and	1	2	3	4	5	NA
5	Demonstrate effective oral and written communication in working with individuals, families, groups, organizations, communities, colleagues, and professionals from other disciplines.	1	2	3	4	5	NA

Comments:

**Competency 2.1.4: Engage diversity and difference in practice**

<b>1</b>	Research and apply knowledge of diverse populations to enhance client well-being.	1	2	3	4	5	NA
<b>2</b>	Work effectively with diverse populations.	1	2	3	4	5	NA
<b>3</b>	Identify and use practitioner/client differences from a strengths perspective.	1	2	3	4	5	NA

Comments:

**Competency 2.1.5: Advance human rights and social and economic justice**

<b>1</b>	Understand and use knowledge of effects of oppression discrimination and historical trauma on client and client systems to guide treatment planning and intervention; and	1	2	3	4	5	NA
<b>2</b>	Advocate on multiple levels for mental health parity and reduction of health disparities for diverse populations;	1	2	3	4	5	NA
<b>3</b>	Engage in practices that advance social and economic justice.	1	2	3	4	5	NA

Comments:

**Competency 2.1.6: Engage in research-informed practice and practice-informed research**

<b>1</b>	Use the evidence-based practice process in clinical assessment and intervention with clients;	1	2	3	4	5	NA
<b>2</b>	Participate in the generation of new clinical knowledge, through research and practice;	1	2	3	4	5	NA
<b>3</b>	Use research methodology to evaluate clinical practice effectiveness and/or outcomes.	1	2	3	4	5	NA

Comments:

**Competency 2.1.7: Apply knowledge of human behavior and the social environment**

<b>1</b>	Synthesize and differentially apply theories of human behavior and the social environment to guide clinical practice;	1	2	3	4	5	NA
<b>2</b>	Use bio-psycho-social-spiritual theories and multiaxial diagnostic classification systems in formulation of comprehensive assessments;	1	2	3	4	5	NA
<b>3</b>	Consult with medical professionals, as needed, to confirm diagnosis and/or to monitor medication in the treatment process.	1	2	3	4	5	NA

Comments:

<b>Competency 2.1.8: Engage in policy practice to advance social and economic well-being and to deliver effective social work services</b>						
--	--	--	--	--	--	--

1	Communicate to stakeholders the implication of policies and policy change in the lives of clients.	1	2	3	4	5	NA
2	Use evidence-based practice and practice-based evidence in advocacy for policies that advance social and economic well-being; and	1	2	3	4	5	NA
3	Advocate with and inform legislators to influence policies that impact clients and service.	1	2	3	4	5	NA

Comments:

<b>Competency 2.1.9: Respond to contexts that shape practice</b>						
--	--	--	--	--	--	--

1	Assess the quality of clients' interactions within their social contexts;	1	2	3	4	5	NA
2	Provide leadership in promoting sustainable systematic changes in service delivery and practice to improve the quality of social services.	1	2	3	4	5	NA

Comments:

**Competency 2.1.10: Engage, assess, intervene and evaluate with individuals, families, groups, organizations, and communities**

<b>Engagement</b>							
1	Develop culturally responsive therapeutic relationships with your specialty group;	1	2	3	4	5	NA
2	Address the interpersonal dynamics and ecological factors that strengthen and threaten the therapeutic alliance with your specialty group; and	1	2	3	4	5	NA
3	Build relationships with clients as equal participates together to establish treatment goals and outcomes with your specialty group.	1	2	3	4	5	NA
<b>Assessment</b>							
1	Apply multidimensional bio-psycho-social-spiritual assessment tools with your specialty group;	1	2	3	4	5	NA
2	Assess client strengths, and limitations; and readiness for change with your specialty group;	1	2	3	4	5	NA
3	Assess client coping strategies and resilience factors to strengthen and advance their adjustment to life situations, circumstances, and events with your specialty group;	1	2	3	4	5	NA
4	Select appropriate intervention strategies and modify strategies as appropriate based on continuous clinical assessments with your specialty group;	1	2	3	4	4	NA
5	Apply differential diagnosis based on current Diagnostic Statistical Manual.	1	2	3	4	5	NA
<b>Intervention</b>							
1	Evaluate, select, and apply best practices and evidenced based interventions with your specialty group;	1	2	3	4	5	NA
2	Apply appropriate clinical techniques for a range of presenting concerns identified in assessment of with your specialty group; and	1	2	3	4	5	NA
3	Demonstrate crisis intervention strategies as appropriate for with your specialty group;	1	2	3	4	5	NA
4	Collaborate with other professionals and agency personnel in coordinating treatment interventions when working with your specialty group.	1	2	3	4	5	NA
<b>Evaluation</b>							
1	Contribute to the theoretical knowledge base of the social work profession through practice	1	2	3	4	5	NA
2	Apply clinical evaluation of the process and/or outcomes to develop best practice interventions for a range of bio-psycho-spiritual conditions with your specialty group.	1	2	3	4	5	NA

**STUDENT EVALUATION OF AGENCY AND FIELD SUPERVISOR**  
**Master of Social Work Program**

Completed for: Foundation Internship / Advanced Internship \_\_\_\_\_ Semester, 20\_\_\_\_\_

Name: \_\_\_\_\_

Agency: \_\_\_\_\_ Field Supervisor: \_\_\_\_\_

**INSTRUCTIONS**

Student feedback is a critical component in assessing both the agency and the field supervisor. Each semester, students will be given an agency and field supervisor evaluation form to complete. Student feedback will assist the Director of Field Education to continue providing students with only those agencies that most closely fits the mission, goals and objectives of the Masters of Social Work program.

Your information will be held confidential. Any information shared with an agency and/or field supervisor will be presented in a manner to protect the student's anonymity. If shared information results in the need to directly address an issue, the student will be notified prior to contact with the agency or field supervisor.

The following evaluation provides you the opportunity to thoughtfully evaluate your field experience; both the agency and the field supervisor. Please write clearly and attach additional pages as needed.

Complete the following charts to evaluate both the agency and the field supervisor. As you complete these charts keep the following in mind:

- A. Evaluate the field supervisor on two areas:
  - 1. His/her work
  - 2. Quality of supervision
- B. Evaluate the field placement agency and activities separately from the quality of supervision.
- C. Provide a comment on why you rated the supervisor in certain areas.
- D. Evaluate the field instructor and his/her work with you and the agency based on a scale of 1 – 5 with 1 being Poor and 5 being Excellent.

**EVALUATION OF FIELD SUPERVISOR**

	1	2	3	4	5	COMMENTS
1. Organizes material						
2. Assertiveness						
3. Use of Time						
4. Self-control						
5. Professional Behavior						
6. Professional knowledge						
7. Professional competence						
8. Attitude toward work						
9. Patient with clients						
10. Flexibility						
11. Maturity						
12. Attitude toward clients						
13. Cares about work						

**EVALUATION OF FIELD SUPERVISOR'S WORK WITH THE STUDENT**

	1	2	3	4	5	COMMENTS
1. Develops relationship with the student						
2. Gives adequate amount of work to the student						
3. Communicates precisely						
4. Provides feedback on completed tasks						
5. Well-organized tasks for students						
6. Sensitive to student's needs						
7. Available to student						
8. Provides a variety of agency contacts						
9. Genuinely cares about student						
10. Understanding about mistakes						
11. Answers questions clearly						
12. Provided adequate supervision						

**EVALUATION OF FIELD PLACEMENT**

	1	2	3	4	5	COMMENTS
1. Provided collateral agency contacts						
2. Provided varied and adequate learning experiences						
3. Provided professional growth						
4. Provided adequate space						
5. Provided adequate client contact						
6. Provided adequate support						
7. Provided opportunities for related trainings and/or ceus						
8. Overall agency environment conducive to learning experience						
9. Agency staff treated student with respect						
10. Agency inclusive of student as a team player						

Identify the strengths and areas of improvement. Would you recommend this placement to future interns?  
Why or why not?

**Student Self-Rating Scale for Evaluation of Learning:  
Advanced Competencies**

Name of Student \_\_\_\_\_

Term \_\_\_\_\_

***Instructions for Self-Rating***

The 10 competencies specified in this evaluation form are those established by our national accrediting organization, the Council on Social Work Education. Under each competency statement, the Practice Behaviors that define the foundation curriculum are listed. Please rate your ability to perform each practice behavior according to the scale below. *A rating of 3 is equivalent to adequate competence for a beginning MSW practitioner.* In addition, if you would like to, you may add comments under any of the competency statements.

- 1 = Needs Improvement – I have been unsuccessful in demonstrating practice behavior**
- 2 = Fair – I am not yet consistently proficient in this area and my level is less than I expected beginning my Advanced Year social work experience**
- 3 = Good – I am proficient at the beginning level as an Advanced Year social work student, although not yet consistent over time**
- 4 = Very Good – I am consistently proficient at the beginning level as an Advanced Year social work student**
- 5 = Excellent – I am consistently exceeding expectations as a beginning Advanced Year social work student**
- NA = Not applicable; no opportunity to demonstrate or implement practice behavior**

**Competency 2.1.1: Student identifies as a professional social worker and conducts oneself accordingly**

<b>1</b>	Readily identify as a social work professional;	1	2	3	4	5	NA
<b>2</b>	Demonstrate personal use of self with clients;	1	2	3	4	5	NA
<b>3</b>	Understand and identify professional strengths, limitations and challenges;	1	2	3	4	5	NA
<b>4</b>	Develop, manage, and maintain therapeutic relationships with clients within the person-in-environment and strengths perspectives.	1	2	3	4	5	NA

Comments:

The original measure used by the School of Social Work at the University of Georgia has been modified to fit the needs of the Kennesaw State University MSW Program.

**Competency 2.1.2: Student applies social work ethical principles to guide professional practice**

1	Apply ethical decision-making skills to issues specific to clinical social work.	1	2	3	4	5	NA
2	Employ strategies of ethical reasoning to address the use of technology in clinical practice and its effect on clients rights.	1	2	3	4	5	NA
3	Identify and use knowledge of relationship dynamics, including power differentials	1	2	3	4	5	NA
4	Recognize and manage personal biases as they affect the therapeutic relationship in the service of the clients' well-being.	1	2	3	4	5	NA

Comments:

**Competency 2.1.3: Student applies critical thinking to inform and communicate professional judgments**

1	Engage in a reflective practice	1	2	3	4	5	NA
2	Identify and articulate clients' strengths and vulnerabilities;	1	2	3	4	5	NA
3	Critically analyze multidimensional assessment, prevention, intervention, and evaluation tools;	1	2	3	4	5	NA
4	Evaluate the strengths and weaknesses of multiple theoretical perspectives and differentially apply them to client situations; and	1	2	3	4	5	NA

## WellStar College of Health and Human Services

### Department of Social Work and Human Services

### Field Education Application – Foundation Year

The signature pedagogy of social work at Kennesaw State University Masters of Social Work Program is the field education. Social work field education attempts to integrate knowledge, values, and skills offered in the classroom into practice at the field settings. The purpose of the practicum experience is to reinforce student learning in all areas of the social work curriculum. Therefore, by completing this application, I acknowledge that I understand the importance of representing myself, the Social Work Department, Wellstar College, and the University in an ethical and professional manner at all times, in both field and classroom settings. I further understand that failure to maintain a professional and ethical approach to interacting with my peers, KSU employees (faculty, staff, and administration), agency field supervisors, agency colleagues, and clients may result in my immediate removal from field.

#### Field Attendance and Tasks

Field Education is the place where students demonstrate the values, knowledge, and skill of entry-level generalist practitioners under the supervision of an approved Agency Field Instructor. As such, attendance (physical, emotional, and cognitive) in the field setting is a required part of field education. Therefore,

Students are not allowed to use field assigned days/times to complete course assignments. \_\_\_\_\_  
(*Student's Initials*).

Students are not allowed to misrepresent attendance in the field setting. All field logs/time sheets must be complete, accurate, and submitted 'on time' on the due date. Further, all field logs/time sheets must reflect actual tasks, supervision meetings, lunch breaks (required), and arrival and departure times. \_\_\_\_\_ (*Student's Initials*).

As a whole, the schedule for classes and required group meetings/trainings are as follows:

**1<sup>st</sup> Year/Foundation MSW Students**

Classes & Group Meetings: Wednesday and Thursday 9:00a.m. – 7:45p.m. Weekly  
Field Work: Monday and Tuesday 8:00a.m. – 6:00p.m. Weekly

Scheduled classes and group meetings are **required**. Students are responsible for the completion of **16 hours** of fieldwork on Monday and Tuesday of each week. \_\_\_\_\_ (*Student's Initials*).

---

**Field Education Hours**

Students in the Master of Social Work program complete a total of 1200 field education hours over four semesters. Students complete 480 field hours in the first year of internship. The second year of internship students complete 720 field education hours. The field education hours (1200 total) are at the field agency during regular business hours, which typically ranges between 8:00a.m. to 6:00p.m., Monday to Friday.

---

**Employment**

Social work field students are strongly encouraged **NOT** to maintain employment while in the program, as the conflict between employment and academic demands may prevent successful progress towards graduation. \_\_\_\_\_ (*Student's Initials*).

Are you currently employed? [ ] Yes [ ] No

If yes, where? \_\_\_\_\_ How many hours per week? \_\_\_\_\_

Students are not allowed to accept employment at their agency site while enrolled in Field Education. \_\_\_\_\_ (*Student's Initials*).

Any **student who accepts employment at their agency while actively enrolled in Field Education** is consider to be acting unprofessionally and out of line with clearly stated publicized field requirements. As such, these students will have their field education terminated immediately and forfeit all accumulated hours for the given semester. \_\_\_\_\_ (*Student's Initials*).

Any student requesting consideration of the opportunity to complete field hours in their agency/organization of employment **MUST** complete the appropriate request, provide the required documentation, and meet with the Director of Field for instruction before discussing this option. \_\_\_\_\_ (*Student's Initials*).

Are you requesting consideration of the opportunity to complete field hours in your agency/organization of employment? [ ] Yes [ ] No

**Practice Area Skills**

Choose three (3) client groups that you would work with in this practice area.

- Children
- Adolescents
- Adults
- Elderly
- Men
- Women
- Families
- No Preference
- Other (specify) \_\_\_\_\_

**Location**

Choose two (2) regions where you would prefer to be located.

- Bartow
- Cherokee
- Clayton
- Cobb
- Dekalb
- Douglas
- Fulton
- Gwinnett
- Paulding
- No Preference
- Other (specify) \_\_\_\_\_

---

**Field Education Experience**

NOTE: The KSU Social Work Department recognizes that students often come with various experiences for which they would like to receive academic credit. While we recognize that those experiences have contributed to your knowledge, values, and skills development as a pre-professional, as per Council on Social Work Education requirements, ***no student will receive academic credit for life or employment experiences outside of the academic environment. This includes the field practicum setting.***

1. Briefly describe what you expect to gain from Field Instruction.

2. What are your career plans?

Are there any questions or concerns that you would like to have answered/addressed during your field interview? Yes \_\_\_\_\_ No \_\_\_\_\_

If yes, please list or describe in the space provided:

I have completed this form as accurately as possible and understand this application will be utilized to determine the Field Site to which I will be assigned for Field Education. I understand Field Supervisors/Instructors may have access to this information. I agree to the release of information from my academic file for purposes of arranging field education and for evaluating Field Education progress.

## WellStar College of Health and Human Services

### Department of Social Work and Human Services

### Field Education Application – Specialization Year

The signature pedagogy of social work at Kennesaw State University Masters of Social Work Program is the field education. Social work field education attempts to integrate knowledge, values, and skills offered in the classroom into practice at the field settings. The practicum experience is intended to reinforce student learning in all areas of the social work curriculum. Therefore, by completing this application, I acknowledge that I understand the importance of representing myself, the Social Work Department, Wellstar College, and the University in an ethical and professional manner at all times, in both field and classroom settings. I further understand that failure to maintain a professional and ethical approach to interacting with my peers, KSU employees (faculty, staff, and administration), agency field supervisors, agency colleagues, and clients may result in my immediate removal from field.

#### Field Attendance and Tasks

Field Education is the place where students demonstrate the values, knowledge, and skill of entry level generalist practitioners under the supervision of an approved Agency Field Instructor. As such, attendance (physical, emotional, and cognitive) in the field setting is a required part of field education. Therefore,

Students are not allowed to use field assigned days/times to complete course assignments. \_\_\_\_\_  
(*Student's Initials*).

Students are not allowed to misrepresent attendance in the field setting. All field logs/time sheets must be complete, accurate, and submitted 'on time' on the due date. Further, all field logs/time sheets must reflect actual tasks, supervision meetings, lunch breaks (required), and arrival and departure times. \_\_\_\_\_ (*Student's Initials*).

As a whole, classes and required group meetings/trainings are scheduled as follows:

### **2<sup>nd</sup> Year/Specialization MSW Students**

Classes & Group Meetings: Monday and Tuesday 9:00a.m. – 7:45p.m. of each week

Field Work: Wednesday, Thursday, and Friday 8:00a.m. – 6:00p.m. of each week

Scheduled classes and group meetings are ***required***. Students are responsible for the completion of **24 hours** of field work on Monday, Thursday, and Friday of each week. \_\_\_\_\_ (*Student's Initials*).

---

## **Field Education Hours**

Students in the Master of Social Work program complete a total of 1200 field education hours over four semesters. Of these hours, 480 field hours are completed in the first year of internship. The second year of internship students are to complete a total of 720 field education hours. The 1200 hours of field education should be completed at the field agency during regular business hours, which typically range between 8:00a.m. to 6:00p.m., Monday to Friday.

---

**BACKGROUND CHECK POLICY**

The Master of Social Work (MSW) program at Kennesaw State University (KSU) is organized around the belief that structured supervised graduate level internships are a critical foundation for the education and training of competent clinical social workers. To that end, the program requires concurrent field practicum experiences for students such that first year foundation level students are in field practicum two days per week and second year advanced level students are in field practicum three days per week.

While the KSU MSW program does not conduct formal background checks on potential or current students, MSW program applicants and current students are required to self-disclose their criminal history on the “Criminal History Background Information” portion of the Field Education Application. By signing below, KSU MSW program applicants and students agree that KSU will make the results of the “Criminal History Background Information” portion of the Field Education Application available to Field Sites with whom students interview.

Field Sites may require a comprehensive criminal background check for MSW students requesting placement, and may utilize various criteria, including the results of background checks, to determine the suitability of MSW students interested in working with their clients. The results of a background check may result in KSU’s inability to place a student in a particular Field Site. If this circumstance arises, students will be contacted by the Field Education Director regarding the matter. KSU will use reasonable efforts to secure a MSW student’s placement with a Field Site. In some situations, despite efforts to secure an alternative placement, a student may not be able to secure a Field Site.

While a criminal history does not necessarily preclude admission to the MSW degree program, past legal issues may limit or prevent placement into a field site. **Successful completion of Field Education Placement is required for completion of the KSU MSW degree program.** In addition, some backgrounds may render a KSU MSW graduate ineligible to receive a social work license and/or unable to obtain employment in the field. Students should determine how past or pending felonies, criminal charges, convictions, and/or penalties may affect their ability to be licensed as a social worker.

Please contact Naynette Kennett at (470) 578-7560 or nkennett@kennesaw.edu with questions about this policy.

I hereby certify that I have read, understand, and agree to the Policy on Background Checks and the disclosure of the “Criminal History Background Information” portion of my Field Education Application to Field Sites with whom I interview.

## *The NASW Code of Ethics*

### **I. The Social Worker's Conduct and Compartment as a Social Worker**

- A. **Propriety.** The social worker should maintain high standards of personal conduct in the capacity or identity as social worker.
- B. **Competence and Professional Development.** The social worker should strive to become and remain proficient in professional practice and the performance of professional functions.
- C. **Service.** The social worker should regard as primary the service obligation of the social work profession.
- D. **Integrity.** The social worker should act in accordance with the highest standards of professional integrity.
- E. **Scholarship and Research.** The social worker engaged in study and research should be guided by the conventions of scholarly inquiry.

### **II. The Social Worker's Ethical Responsibility to Clients**

- F. **Primacy of Client's Interests.** The social worker's primary responsibility is to clients.
- G. **Rights and Prerogatives of Clients.** The social worker should make every effort to foster maximum self-determination on the part of clients.
- H. **Confidentiality and Privacy.** The social worker should respect the privacy of clients and hold in confidence all information obtained during professional service.
- I. **Fees.** When setting fees, the social worker should ensure that they are fair, reasonable, considerate, and commensurate with the service performed and with due regard for the client's ability to pay.

### **III. The Social Worker's Ethical Responsibility to Colleagues**

- J. **Respect, Fairness, and Courtesy.** The social worker should treat colleagues with respect, courtesy, fairness, and good faith.
- K. **Dealing with Colleagues' Clients.** The social worker has the responsibility to relate to the clients of colleagues with full professional consideration.

### **IV. The Social Worker's Ethical Responsibility to Employers and Employing Organizations**

- L. **Commitments to Employing Organizations.** The social worker should adhere to commitments made to the employing organizations.

### **V. The Social Worker's Ethical Responsibility to the Social Work Profession**

- M. **Maintaining` the Integrity of the Profession.** The social worker should uphold and advance the values, ethics, knowledge, and mission of the profession.
- N. **Community Service.** The social worker should assist the profession in making social services available to the public.
- O. **Development of Knowledge.** The social worker should take responsibility for identifying, developing, and fully utilizing knowledge for professional practice.

**I. The Social Worker's Ethical Responsibility to Society**

- P. **Promoting the General Welfare.** The Social worker should promote the general welfare of society.

\* A complete copy of the N. A. S. W. Code of Ethics is available in the office of the Director of Field Education and on line at <http://www.naswdc.org/pu:s/code/code.asp>

## *MSW Field Practicum Performance (FPP)/Remediation Contract*

Faculty members of KSU MSW Program are committed to helping each student maintain a high level of academic and professional performance to ensure that she or he will have a rewarding and successful experience in the MSW Program. When performance or other problems in the field work practicum experiences occur with a student, faculty members will respond in a humane, encouraging, and restorative manner that is grounded in a strengths perspective. Emphasis is placed on early intervention, written agreement for remediation, satisfactory resolution, or termination from the program.

All students enrolled in first or second year field practicum in the Department's MSW Program are expected to meet field practicum performance expectations to include professional ethics and behaviors as defined in the NASW Code of Ethics which all students are required to read. Field learning professional performance expectations includes such matters as ability to engage clients; ability to consistently follow the supervisor's guidance; ability to follow agency procedures and policies; ability to report to the agency at the time designated by the supervisor during agency hours; ability to complete agency assignments in a timely manner; and other matters that may impact the student's professional performance in the field placement.

### **Field Work Grading System**

The following grading system is used for Field Practicum Performance:

A	Excellent
B	Good
C	Poor
F	Failing

If a student receives a grade of "C" in the Field Practicum for any semester during the MSW Program, the Field Practicum for that semester must be retaken. The student must receive a grade of "B" or above in the retake of the Field Practicum. Only one retake is possible. If a student receives a second grade of "C" in Field Practicum, a retake is not possible and the student is automatically terminated from the program.

Evaluation of the student's performance in the field is a collaborative process between the agency supervisor and the field mentor. The agency supervisor is responsible for providing to the field mentor two evaluations each semester: at mid-term and at the end of the semester. The student has the right to read and countersign the evaluation and may add an addendum should they wish to do so. The final grade for a given semester is assigned by the field mentor based on a review of the mid-year and final evaluations by the agency supervisor, observations and visits to the agency by the field mentor for

discussions with the student and supervisor, participation in field mentor/Mentee group meetings and timeliness of field reports to the field mentor. Each field mentor provides a copy of each student’s grade to the Director of Field Education.

**MSW Field Performance Remediation Contract**

**The deficiencies outlined below must be satisfactorily met by (date) \_\_\_\_\_ for the student whose signature appears below to pass Field Practicum \_\_\_\_\_.**

**Deficiencies**

**Tasks to be met by Student**

*Field Performance Remediation Contract*

I, \_\_\_\_\_, a student in the MSW Program at KSU, understand that I must satisfactorily master the deficiencies outlined above by the designated date to pass Field Work \_\_\_\_\_.

Student: \_\_\_\_\_ Date: \_\_\_\_\_

Field mentor: \_\_\_\_\_ Date: \_\_\_\_\_

My signature indicates that I have read and comprehended the contents of this contract. My signature does not indicate that I agree with the field mentor’s evaluation of me. I further understand that if I do not sign this form, I will not be permitted to continue in Field Practicum. If I interrupt Field Practicum, I will not be able to meet the Field Practicum Expectations for Field Practicum which will result in my being awarded the grade of “F”. A grade of “F” in Field Practicum means that I am automatically dismissed from the program.

If I satisfactorily master the deficiencies in Field Practicum as established in this contract, and make a grade of “C”, I must retake the Field Practicum and make a grade of “B” or better. I understand that I can only make one grade of “C” in Field Practicum to be allowed to retake Field Practicum. A second grade of “C” in Field Practicum will result in termination from the MSW Program.

**The student, \_\_\_\_\_, has satisfactorily met the deficiencies set forth in the Field Performance Remediation Contract. The final Field Practicum grade for this semester is given at the end of the semester.**

**The student, \_\_\_\_\_, has not satisfactorily met the deficiencies set forth in the Field Performance Remediation Contract and will receive a grade of “F” and be terminated from the MSW program.**

*Frequently Asked Questions*

**Q: Do I inform all clients that I have contact with that I am a student Intern?**

A: Yes, it is part of their rights under informed consent.

---

**Q: Should I continue to work at my field placement during school breaks or holidays?**

A: No, unless specifically authorized and negotiated with your field mentor and agency supervisor.

---

**Q: Does it matter how many hours you work each day if you complete 16 hours a week?**

A: No, variation of hours is fine and might be needed depending on the internship site.

---

**Q: How do we make up hours if we miss days?**

A: This should be negotiated with the agency supervisor, and you are responsible to complete all the hours of internship.

---

**Q: If I have issues with my agency supervisor or another employee at my internship site, what are the steps I should take to resolve this issue?**

A: Notify your field mentor to discuss plan of action.

---

**Q: If I am having an issue that is not being resolved through my field mentor, who should I talk to next?**

A: The Director of Field Placement.

---

**Q: What if I witness something I am uncomfortable with at my internship site?**

A: Talk to your agency supervisor and then your field mentor.

---

**Q: How much personal disclosure is appropriate with clients and co-workers at my internship site?**

A: Consider your personal comfort level and the professional boundaries that are needed.

---

**Q: What do I do if I am asked a question by a client that I feel uncomfortable answering?**

A: Turn the question back on the client; redirect the conversation to focus on the client.

---

**Q: Can I socialize with my supervisor and co-workers outside of the office?**

A: Professional boundaries should be considered when assessing if it is appropriate to socialize outside of the work setting.

---

**Q: What if my internship asks me to use my own vehicle for agency business?**

A: You can NEVER transport clients using your own vehicle. If you use the vehicle for agency business (trainings, errands, etc.) you can ask to be reimbursed for the mileage.

---

**Q: Do I get a gas stipend if my internship site is far away?**

A: No.

---

**Q: Can I count my drive time towards my internship hours?**

A: No.

---

**Q: Can I also shadow other professionals at the agency, such as, nurses, LPC's, case managers, etc.?**

A: Yes, you may shadow other professionals to gain a better understanding of the agency and other professions. Much of your internship hours, however, should be spent with an LCSW.

---

**Q: What do I do if my internship supervisors would like more communication with the school?**

A: Discuss with The field mentor to make a plan of action.
